## INFORMATION FOR POSTMASTERS

(1) **Sacrifices to Save Mails.**—The safety of the mails came first, when Postmistress Mrs. C. Sedman, Pilot Butte, Sask., awoke to find her home, store and the Post Office in flames early on the morning of October 27. Without a moment's hesitation and with complete disregard for her life or thought for her personal property she entered the blazing store and removed all letters in Post Office boxes, parcels, records, wall-files, equipment and postal values. She was helped from the flaming building a few seconds before the roof came crashing in. She has since resigned, being unable to carry on because of the complete destruction of her property which was uninsured.

Her bravery and devotion to duty at the sacrifice of all personal interests are in the very highest tradition of the Canadian Postal Service.

(2) **National Registration.**—Postmasters are reminded that applicants for registration who claim to be 16 years of age should be accompanied by one of their parents or guardians, to vouch for their age, or they should be required to produce their birth or baptismal certificate, or a certificate as to their age from the principal or senior teacher of a Secondary school.

(3) **Retention of War Savings Certificate Records.**—Postmasters at accounting offices are warned that all records pertaining to Over-the-Counter sale of War Savings Certificates must not be destroyed under any circumstances, but must be kept indefinitely until further advised. (5) **Revised Regulations Governing Communication With Prisoners of War in Enemy, Enemy-occupied or neutral countries, May, 1943.**—

### SPECIAL MEDICAL PARCELS

The following information replaces that shown in Section 39, page 8 of the abovementioned Regulations:

#### "SPECIAL MEDICAL PARCELS SENT THROUGH THE CANADIAN RED CROSS"

The British Red Cross undertakes to forward special drugs and appliances for British prisoners, and the Canadian Red Cross has arranged to take over this service for Canadian prisoners and civilian internees under certain conditions. This service is intended for such personal appliances as spectacles, dentures, trusses and special prescriptions as well as vitamin tonic preparations, laxatives, band aids, camphor ice, medicated salves, antiseptic foot powder, medicated throat lozenges, germicidal soap, acetylsalicylic acid tablets (maximum 24 tablets). As a matter of information, attention is directed to Section 37 of the Regulations.

(Notice No. 5 continued on page 6.)

The privilege of sending Special Medical Parcels is restricted to the official next-of-kin of any Canadian, British Commonwealth or United States Prisoners of War, if the next-of-kin lives in Canada.

Next-of-kin must first satisfy the Bureau as to the prisoner's need for any of the permissible items. Such proof may take the form of a statement from the next-of-kin either that a direct request has been received from the prisoner or that one or more of the specially permitted medical comforts was previously known to have been of particular benefit to the prisoner of war concerned.

In view of transportation difficulties, it is particularly important that the weight of parcels should be kept as low as possible. In most cases, a weight of two or three pounds should be considered sufficient.

The permissible articles must be strictly adhered to and they must be sent forward in their original trade containers with the seal unbroken. Articles should not be sent if they are marked "poison". When sending medicated throat lozenges or germicidal soap, the regulations should not be construed to mean lozenges which could be defined as "hard candy" or the type of soap which could go in a next-of-kin parcel. In other words, No ITEM WHICH MAY BE INCLUDED IN A NEXT-OF-KIN PARCEL MAY BE INCLUDED IN A SPECIAL MEDICAL PARCEL. It will be necessary to return to the sender any items which bear the word "poison" or which could be sent in a next-of-kin parcel.

The Special Medical Parcel should be wrapped, preferably by a druggist, in a strong cardboard container and addressed to the prisoner at his prison camp address, with a list of the contents plainly marked. The parcel should then be enclosed in an outer wrapping addressed to the Red Cross Enquiry Bureau, 18 Rideau Street, Ottawa, with postage prepaid to Ottawa. Glass containers or tubes should be avoided whenever possible. Excelsior may be used for packing but not tissue paper or Kleenex.

**(6) New Air Letter Form.**—Supplementing notice in the October 1944 Supplement, the Postal Service is advised that a stock of new CANADA AIR LETTER forms printed on a grey shade of paper has now been obtained.

Distribution of the new forms will be made as soon as the stock of the present blue Armed Forces Air Letter forms is entirely exhausted.

The new grey form will take the place of the blue Armed Forces Air Letter form and may be used for corresponding both with members of the Armed Forces and civilians.

All instructions which have been issued in regard to Air Letter forms will apply to the new grey CANADA AIR LETTER forms.

**(7) Air Conveyance Postage Free for Letter Mail to Prisoners of War.**—Prisoner of War air letter forms and cards may now be mailed in Canada, postage free, to Germany and the Far East. No registration service is given.

The frequency of this air service will be twice weekly (conditions permitting) from Canada.

In addition, ordinary letters to Canadian, British or Allied Prisoners of War which have hitherto been carried postage free will now be given free air conveyance WHENEVER possible, although no guarantee of air conveyance can be given. Prisoner of War air letter forms and cards will be given priority. No registration service is available for ordinary letters to Prisoners of War.

**(8) Rates of Postage on Letters and Postcards, from other Countries to Canada.**—Postmasters are advised that the rates of postage on letters and postcards from the countries mentioned below are as follows:—

	1st weight	2nd weight	Postcards
Palestine.....	20 Mills	13 Mills	13 Mills
China.....	400 Cents de piastre	240 Cents de piastre	240 Cents de piastre

The above is to be substituted for the corresponding entries in the list of rates of postage from foreign countries, page 82 of the 1944-45 Postal Guide.

Surcharges should be collected according to Post Office markings.

**(9) Official Auxillary Services in the United Kingdom.**—Please add the following to the list of organizations which appeared in Post Office Weekly Bulletin No. 1132, dated November 14, 1942.—First Aid Nursing Yeomanry (F.A.N.Y.).

**(10) Free Mailing Privilege for Members of the Diplomatic Corps and Consuls Representing Countries of the Postal Union of the Americas and Spain.**—Postmasters are advised that the following is an outline of the conditions now applicable to correspondence posted by members of the diplomatic corps and consuls, stationed in Canada, representing countries of the Postal Union of the Americas and Spain.

may be conveyed free of postage, except by air. Such correspondence mailed by members of the diplomatic corps must bear the usual endorsements, including the Legation of origin, on the address side of the envelopes.

Diplomatic mail which is entitled to freedom of postage is also entitled to free registration but without the right to indemnity. When transported by air it is also entitled to free registration, without the right to indemnity, but the air mail postage must be prepaid.

Such official correspondence is entitled to free registration, if desired, but without the right to indemnity. When transported by air, it is also entitled to free registration, without the right to indemnity, but the air mail postage must be prepaid.

It must be mailed in envelopes having printed or written thereon, in the upper left corner of the address side, the name and address of the consul, together with the name of the country represented and also the words "Official Correspondence" and in the upper right corner the inscription "Consular Mail" over the word "Official" or "Free."

These privileges do not apply to packets sent by parcel post or to correspondence forwarded by air mail.

**(11) Resumption of Civilian Mail Service to Belgium.**—Civilian postal service between Canada and Belgium has been resumed.

Until further notice, the service will be restricted to non-illustrated postcards containing messages on personal or business matters. Communications of a business character must be confined to those ascertaining facts and exchanging information.

The service is available to all parts of Belgium but any postcards for the area east of Hasselt, Liege and Bastogne will be held by the Belgian Post Office until delivery is possible.

The postage rate applicable is 3c.

**(12) Resumption of Civilian Mail Service to Greece.**—Civilian postal service has been resumed between Canada and all areas in Greece, except Crete.

Until further notice, the service will be restricted to non-illustrated postcards containing messages of a purely personal or family nature.

The postage rate applicable is 3c.

**(13) Mail Service to France.**—Effective immediately, letters and packages prepaid at letter rate up to a weight limit of 4 pounds 6 ounces may be accepted for delivery in the liberated areas of Continental France to which limited mail service is already in effect. Registration Service is now available.

The increased weight limit is intended to provide for the transmission of written communications and related papers of a bulky nature. The restriction on business communications to those ascertaining facts and exchanging information still applies.

No merchandise of any kind may be included in such packages.

**(14) Mail Service to France—Illustrated Postcards Prohibited.**—Reference is made to Post Office Weekly Bulletin No. 1236, 11th November, 1944.

It is observed that some persons are mailing illustrated postcards addressed to France apparently under the impression that these are now permissible.

Postmasters will please note that until further notice illustrated postcards must not be accepted for France.

**(15) Mail Service to Switzerland Confined to Correspondence.**—Attention is directed to a notice in the Bulletin of 8th May, 1943, to the effect that mail service to Switzerland includes all classes of correspondence.

As yet there has been no change in this service, and Postmasters are reminded that printed matter and other classes of mail matter must not be accepted for transmission to Switzerland.

A similar exemption has also been granted in the case of surface letters exceeding 5 grams in weight, as well as to newspapers, printed matter and small packets, addressed as above.

Any such mail received in Canada from the Belgian Congo, without prepayment of postage, may be forwarded to the addressee by air, if so endorsed, or by surface means, without the collection of additional postage.

## INFORMATION FOR POSTMASTERS

(1) **A Happy New Year to All Postal Personnel.**—A challenge is ringing across Canada to every individual member of the Canadian Postal Service as the New Year begins. It is a call to gird for the work ahead in maintaining at unimpaired efficiency a Service upon which every citizen—our Armed Forces Overseas—and the National War Effort depend.

The record of the Canadian Post Office in 1944 was impressive and should hearten every individual to face the coming year with confidence and determination. Greater mail volume was handled and more postal business transacted than in any past year. Extra wartime duties were successfully performed and manifold difficulties were overcome.

Behind this accomplishment lies the loyal and devoted response of Postal Personnel. In no small measure the success achieved was due to the splendid manner in which the 37,000 Postal Employees measured up individually to the mounting difficulties, and accepted in the spirit of service the demands made upon them.

The need for unflagging effort still remains for although 1944 was a trying and exacting year it may be equalled if not exceeded in 1945. That our Postal Service will meet the situation goes without saying, for never yet has it failed the public nor given less than its best. The coming year, therefore, will demand the best from each employee, who should regard his duties not as so many hours spent at labour, but from the standpoint of his personal responsibility in maintaining a national lifeline. The past year's work must be continued in the spirit of service, in the realization of what that effort means in the interests of our fighting men and their families, and the welfare of our citizens at home. The ideal to be followed is well illustrated in the story of the bystander who asked the men working on a building what they were doing. One answered "mixing mortar", but the other—a man of vision—replied "I am building a cathedral". To successfully fill his niche in Postal Service every employee should cultivate vision—realizing that his effort as part of the great whole, links families and distant friends, makes business and War Industry possible—and sustains the Morale of our Fighting Men on the far-flung battle fronts.

Remembering that Postal Service is judged by the impressions patrons form by their contacts with it, and that their impression must always be favourable, courtesy to the public, tidy premises, up-to-date information at postal wickets and on notice boards, should again be New Year's resolutions. Early Christmas Mailing posters and other obsolete material should be taken down from bulletin boards in postal lobbies, in order to start the New Year aright. Periodic inspections should be made to keep display material up-to-date.

Resolved to uphold the ideal of Service, Postal Employees can face 1945 with bright hope, high courage and with every prospect for the fulfilment of a "Happy and Successful New Year".

(2) **Service Chevrons for Uniformed Postal Employees.**—Fidelity and length of service rendered by uniformed Postal Employees will be marked by the issue of special service chevrons which will be worn on the sleeves of their uniforms and coats.

Postmaster General, the Honourable William P. Mulock, K.C., M.P., has approved of the issue of these marks of service—gold metal stripes—which will be awarded to them—one for each five years of satisfactory service. It is estimated that over 2,000 letter carriers throughout the Canadian Postal Service will be eligible to receive one or more of these awards.

Special regulations have been issued by the Canadian Post Office Department to ensure complete uniformity and symmetry in the placing of these chevrons on uniforms. Two stripes will be issued every uniformed employee eligible, for every five years service. One will be sewn on his serge sackcoat and the other on his pea-jacket or overcoat, care being exercised to see that the same number of stripes are worn on each garment.

The service chevrons will be worn vertically on the left sleeve about four inches from the edge of the sleeve cuff, and about one-eighth of an inch apart. The first stripe will represent five years, and each succeeding one another five years of satisfactory service.

It is believed that this tangible mark of loyal service will be appreciated by its recipients as it gives visible recognition to their fidelity while in postal employ.

**(3) Food Industry—War Savings Stamp Drive.**—The Food Industry will hold a special War Savings campaign throughout Canada in February, in co-operation with the National War Finance Committee. As in past years this is expected to create an unusual demand for War Savings Stamps at all Post Offices.

Postmasters of Accounting and Non-Accounting Offices are urged to make certain that they have ample supplies of War Savings Stamps on hand to meet the expected demand. Postmasters at Non-Accounting Offices should notify their District Directors or Superintendents when their War Savings Stamp credit supplies are not large enough to meet the extra demands.

Kindly co-operate in every way possible in the campaign.

**(4) Retirement of Mr. H. Fortier, Chief Inspector.**—The Department very much regrets to announce the retirement of Mr. H. Fortier, Chief Inspector, Post Office Department, after thirty-seven years service.

Mr. Fortier has been granted leave of absence on account of ill health from January 1, 1945, to be followed by his retirement from the Service.

Mr. W. J. Cantwell, Special Investigator, will be in charge of the Inspection Service.

Mr. W. C. McEachern, Postal Supervisor, will take over the duties of the Special Investigator.

**(5) Acceptance of Registered Articles.**—When a registered article is presented for mailing, every possible care is to be taken to see that—

- (a) It is fully prepaid both as regards ordinary postage charges and registration fee (sender should be informed of the added protection afforded by the higher fees);
- (b) A receipt duly completed is given to the sender;
- (c) An impression of "Original No." stamp is placed on the cover and a number given the article;
- (d) An entry is made in registered record;
- (e) The postage stamps are properly cancelled; and
- (f) The article is properly date-stamped on the address side, and twice back-stamped upon the closing flap.

Enquiry should also be made as to the nature of the contents of a packet tendered for registration. When the contents are of such a nature as to preclude the payment of indemnity for damage, viz. glassware (especially spectacles), liquids, watches, etc., (see Section 192, Page 49 of the Canada Official Postal Guide), the sender is to be so advised and the Registration Certificate endorsed "Registered against loss only". In other "fragile" cases, the Postmaster must satisfy himself that the contents are fully protected.

(10) **Mail for Marathon, Ont., Post Office.**—Care is to be exercised to see that mail matter addressed to Marathon, Ont., post office is despatched to Sudbury and Fort William R.P.O. trains 3 and 4 and not to Kinburn, Ont.

\$1.80 per parcel over 10 lb. up to and including 15 lb.

2.40 per parcel over 15 lb. up to and including 20 lb.

3.00 per parcel over 20 lb. up to and including 25 lb.

Parcels are apparently being received at Charlottetown for onward transmission prepaid at ordinary parcel post rates and these are forwarded to destination rated for the postage due.

In view of the above, Postmasters will please see that the air parcel rates outlined above are charged in each case.

(3) **Special Handling of Shipments of Eggs.**—The attention of Postmasters is directed to the following section quoted from page 33 of the Postal Guide in regard to the mailing of shipments of eggs by parcel post:—

"As the safe transmission of eggs is a matter of some difficulty shippers are advised to adopt the following method of packing:—Use a wooden, papier mache, or other box of rigid material with a well-fitting tightly adjusted lid, wrap each egg separately in newspaper or other protecting material, place the eggs on end and fill up the vacant spaces in the box with newspaper or other packing materials so as to prevent the eggs from striking together or against the sides, top or bottom of the box; mark the parcel EGGS".

It is requested that Postmasters as far as possible have care taken to see that shipments of eggs presented for mailing are prepared in the manner described above, and that one of the labels—"EGGS—HANDLE WITH GREAT CARE" is affixed to the parcel.

Fragile parcels of this nature are to be despatched in "fragile" bags and all postal employees should again be reminded not to handle roughly fragile parcels or bags containing fragile parcels.

In piling, loading or unloading mail, "fragile" bags should be kept on top.

(4) **Transmission of Day-old Chicks by Parcel Post.**—As the season is about to commence during which live day-old chicks may be shipped at parcel post rates at the risk of the sender to places within Canada and the United States, Postmasters are requested again to read the section on page 33 of the Canada Official Postal Guide, outlining the manner in which such shipments should be prepared before acceptance for transmission at parcel post rates.

(5) **Distribution of Gasoline Rationing Application Forms.**—The Department has agreed to co-operate again this year with the Oil Controller for Canada in effecting distribution of application forms for use by persons who wish to obtain gasoline supplies under gasoline rationing regulations.

The 1945-46 regulations provide for the use of three different application forms, viz., category AA (blue print), special category (green print), and commercial motor vehicle (purple).

They also require that any person making application for gasoline privilege registration, gasoline licence and ration book coupons, for any passenger type motor vehicle, must complete a category AA application and obtain a category AA coupon book, before submitting a special category application.

Supplies of the different application forms are being forwarded to each Postmaster, and upon their receipt the items may be handed to persons calling at the Post Office and making application for them. These forms are not, however, to be distributed by mail.

If a further supply of application forms is required for Post Office patrons, the Postmaster should obtain them from the nearest Regional Office of the Oil Controller, which offices are located at Charlottetown, Halifax, Saint John, Quebec, Montreal, Ottawa, Toronto, Windsor, Hamilton, Winnipeg, Regina, Edmonton and Vancouver.

A poster outlining in detail the method to be followed by applicants for gasoline ration books is also being forwarded to each Postmaster, and this is to be displayed in the Post Office lobby.

(6) **Mailing of Packages Prepaid at Letter Rate.**—Articles of intrinsic value or of a personal nature such as cigarette holders, cases and lighters, watches, rings, etc., are as a rule mailed to members of the Armed Forces Overseas in small packages prepaid at the letter rate of postage and registered.

It has been observed that in many instances such packages are simply tied with string in the same manner as ordinary parcels. Very often the string is not tied securely and the package comes apart before it reaches the addressee possibly resulting in the loss of the contents.

To ensure such packages reaching the addressees in good order, whether they be sent as ordinary or registered letter mail, they should be wrapped with strong kraft paper, sealed at the points of closing and then securely tied before mailing.

Postmasters are requested to have this matter drawn to the attention of persons mailing such items.

(7) **Resumption of Service for Transient Newspapers and Periodicals to Central and South America, Bermuda and the West Indies.**—Reference is made to a notice published in September, 1942, Supplement to the Postal Guide, prohibiting the mailing of newspapers and periodicals by the general public to the United Kingdom and other trans-Atlantic destinations, as well as to Central and South America, Bermuda and the West Indies.

So far as destination in Central and South America, Bermuda, and the West Indies are concerned, the mailing of transient newspapers and periodicals may now be resumed. Copies for trans-Atlantic destinations, however, must not be accepted.

(8) **Resumption of Mail Service to Bulgaria.**—The mail service for private and business correspondence between Canada and Bulgaria has been resumed.

Letters and non-illustrated postcards up to a maximum weight limit of 2 ounces may now be accepted for Bulgaria.

Business letters will be restricted until further notice to those ascertaining facts and exchanging information. No actual trading is permitted.

No registration, air mail, money order or parcel post service is yet available.

The postage rates in effect before the service was suspended will apply, i.e.,

Letters —5 cents for the 1st ounce.  
3 cents for each additional ounce.

Postcards —3 cents each.

In this connection, the Secretary of State has issued the following announcement published in the *Canada Gazette* on Saturday, February 17, 1945:

#### GOVERNMENT NOTICE

#### DEPARTMENT OF THE SECRETARY OF STATE OF CANADA

#### Revised Regulations Respecting Trading with the Enemy (1943)

#### NOTICE RE BULGARIA

The Secretary of State of Canada under and by virtue of the provisions of the Revised Regulations Respecting Trading with the Enemy (1943) hereby gives notice with respect to liberated areas in Bulgaria that if and when communication services are officially reopened by the respective Canadian authorities persons residing in Canada may communicate with and receive communications from persons residing in such liberated areas with respect to personal, business, financial and commercial matters but no actual trading shall take place, the purpose of this permission being merely to re-establish business contacts and exchange information. Banks and other financial institutions may reply to requests for information from their depositors, and documents such as birth, death and marriage certificates, wills and other legal notices may be transmitted, but no action shall be taken to transmit any powers of attorney, proxies, payment orders or other legal documents without special permission from the Custodian.

This notice shall constitute the permission of the Secretary of State when the communication services are officially re-opened to the transmitting and receiving of such communications and any one acting under this notice shall not be deemed to be trading with the enemy, but it shall in no way effect a release of any property in Canada belonging to persons residing in such liberated areas, such property having vested in the undersigned acting in his capacity as Custodian and such property shall continue to be so vested until expressly released under the Revised Regulations Respecting Trading with the Enemy (1943).

DATED at Ottawa this 9th day of February, 1945.

(Sgd.) E. H. COLEMAN,  
Under Secretary of State of Canada.

(9) **Mail Service to France.**—Authority has been given by the Secretary of State of Canada for the transmission of food, toilet articles and drugs by mail to France in packages prepaid at letter rate of postage.

Until further notice the following conditions will govern the acceptance of such packages for transmission by post:

The total weight of a package must not exceed 4 pounds, 6 ounces.

The total value of the contents of a package must not exceed \$25.00.

The sending of packages is limited to private citizens and must not be undertaken by relief organizations and others.

No one sender may send more than two packages per week, each of which must be to different addressees.

The naming of addressees other than the known ultimate addressees for the purpose of evading the limitations of the service is prohibited.

The packages are restricted to gifts and must not include commercial shipments.

For the time being the contents are to be limited to food, toilet articles and drugs and are subject to any French regulations restricting the importation of certain commodities.

The rate of postage is 4 cents for the first ounce and 2 cents for each subsequent ounce or fraction thereof.

The above regulations do not in any way affect the acceptance of written communications and related papers of a bulky nature in letter packages up to 4 pounds 6 ounces in weight, authority for which was given in the January 1945 Supplement to the Postal Guide. It should be noted, however, that the restrictions on business communications to those ascertaining facts and exchanging information have now been withdrawn.

**(10) Resumption of Mail Service to Greece.**—This will refer to a notice appearing in the January 1945 Supplement to the Postal Guide in regard to the above.

The civilian postal service for non-illustrated postcards from Canada, addressed to Greece, containing messages of a purely personal or family nature, has now been extended to include Crete.

The effect of this latest extension is that the restricted mail service under the conditions described above has now been restored to all areas of Greece.

The Postal Service to Greece, including Crete, has now been extended to include private and business letters, not exceeding one ounce in weight.

Business letters will be restricted, until further notice, to those ascertaining facts and exchanging information.

Illustrated postcards must not be accepted. No registration, money order, air mail or parcel post service is available.

The following postage rates apply:

Letters—5 cents for the first ounce.

3 cents for each additional ounce.

Non-illustrated Postcards—3 cents each.

**(11) Mail Service to Italy.**—The mail service from Canada to certain parts of Allied-occupied Italy, including Sicily and Sardinia has now been extended to include the Province of Pesaro, Italy.

The Province of Pesaro should, therefore, be added to the list of those appearing in the February 1945 Supplement to the Postal Guide.

**(12) Duty free concession for gifts sent by members of the United Kingdom Armed Forces to United Kingdom.**—Reference is made to the notices on this subject published in June, 1943, and November, 1944, issues of the Supplement. The number of such parcels permitted entry duty free in the United Kingdom for the year ending 30 June, 1945, and annually thereafter, has been raised from four to six; and the total value annually of such parcels has been increased from £8 (38-40) to £12 (57-60) from any one sender.

Duty free labels may now be attached to packages prepaid at letter rates (and registered if desired) weighing up to 4 lb.

Other conditions as regards weight and contents of these gift consignments remain unaltered. Parcels bearing duty free label AFW 5192 mailed in accordance with the regulations are free of customs duty and Purchase Tax in the United Kingdom.

**(13) Dutiable articles NOT to be enclosed in registered packages to China.**—A number of registered air letter packages containing dutiable articles have recently been returned to the senders in Canada from China as contrary to their regulations.

In order that dutiable articles may not be accepted from mailers in Canada for transmission in registered packages to China attention is called to the information given under China on page 99 of the Postal Guide.

It should be observed however that, as notified in the October 1943 Supplement to the Postal Guide, medicines admissible in China may, as a temporary measure, be forwarded by the partial air service via India, in registered packages prepaid at the rate of 40c. per half ounce.

**(14) Parcel Post to French Morocco Resumed.**—Parcel post for French Morocco may now be accepted for despatch via New York.

The following rates will apply:

1 lb.....	0.30	6 lb.....	1.25	Over 10 lb.	Over 15 lb.
2 lb.....	0.50	7 lb.....	1.45	up to 15 lb.	up to 20 lb.

4 lb.....	0.85	9 lb.....	1.80	\$2.50	\$3.50
5 lb.....	1.05	10 lb.....	2.00		

All parcels should be legibly marked "Via New York" and forwarded to Montreal, to be included in the parcel mails to be made up by that Office for despatch via New York.

Parcel post must not be accepted for insurance.

The regulations as to packing, Customs declarations, prohibited articles, etc., will be the same as those which applied to parcels formerly despatched via England.

**(15) Parcel Post to Pitcairn Island.**—In future parcels for Pitcairn Island are to be routed via the United States instead of via Vancouver and New Zealand as at present.

Parcels addressed to Pitcairn Island should, therefore, be FORWARDED TO MONTREAL for onward despatch, and the rates of postage will until further notice be as follows:—

1 lb.....	.50c.	4 lb.....	\$ 1.05	7 lb.....	\$ 1.65	10 lb.....	\$ 2.20
2 lb.....	70c.	5 lb.....	1.25	8 lb.....	1.80	11 lb.....	2.40
3 lb.....	85c.	6 lb.....	1.45	9 lb.....	2.00		

(14) **Parcel Post Rates to Other Countries.**—Postmasters will find hereunder a revised Table of Parcel Post Rates from Canada to other Countries, which supersede the information given in the 1944-45 Postal Guide. Any changes should be noted in their Postal Guide.

## MONEY ORDER INFORMATION

---

### MONEY ORDERS ISSUED FOR PAYMENT IN THE UNITED STATES TO SHOW THE NAME OF THE STATE WHERE PAYING OFFICE IS LOCATED

The United States Postal Administration reports that many Money Orders issued in Canada for payment in the United States, do not show the name of the State in which the paying office is located. As there are many offices of the same name in the United States, it will be necessary to ascertain from the applicant the name of the State and to indicate it on the order; See Rule 34, Page 168, Canada Official Postal Guide.

### MONEY ORDERS ISSUED IN FAVOUR OF MEMBERS OF THE BRITISH EXPEDITIONARY FORCE INCLUDING CANADIAN SOLDIERS ON ACTIVE SERVICE OVERSEAS

The attention of Postmasters is again invited to the fact that the maximum amount for which a Money Order may be issued in favour of members of the British Expeditionary Forces (including Canadian soldiers on active service overseas) is \$10.00 to the same payee in any one day.

Remittances in favour of members of the Canadian Active Service Force in Newfoundland or Labrador (C.A.P.O. Nos. 1, 2, 3, etc.) are not subject to any restriction as Money Orders may be drawn for any amount not exceeding \$100.00 each up to any value a remitter may wish to transmit.

### CORRECT NAME OF COUNTRY OF PAYMENT MUST BE DESIGNATED IN MONEY ORDER RETURN

Money Order Returns are received in which the name of the country of payment is either omitted, improperly designated or where ditto marks (") are wrongly employed indicating several orders as being drawn on the same country, usually Canada but which quite frequently is not the case. Incorrect designation of the country of payment not only results in delay in audit but adds unnecessary verification costs to the Department.

Indication of the correct name of the country of payment is absolutely essential for the audit of money order commissions and the verification of despatch to the Exchange Office at Ottawa of Advices of orders payable outside Canada.

Co-operation of Postmasters is requested in seeing that greater care is taken to assure that the entries in the Money Order Return are correctly transcribed from the relative Postmasters stubs.

### CAREFUL PREPARATION OF MONEY ORDERS ESSENTIAL

Considerable delay and inconvenience is occasioned in the audit of money orders through careless formation of figures and transposition of figures in

amounts expressed. In the case of money orders in payment of C.O.D. transactions the amount of the money order commission is often included in the "sum due sender" with the result that payees are overpaid by the amount of commission.

Postmasters are, therefore, requested to give particular attention to the issue of money orders and to verify the particulars thereon so as to obviate the unnecessary delay and inconvenience in the payment and audit of money orders caused by such irregularities.

FORM M.O. No. 12 $\frac{1}{4}$  (H) P.M. (STATEMENT OF EXCHANGE COLLECTED ON ORDERS ISSUED ON THE UNITED STATES) TO BE PREPARED WHEN ORDERS ARE ISSUED FOR PAYMENT IN MEXICO, THE UNITED STATES AND DEPENDENCIES.

When money orders are issued for payment in Mexico, the United States and Dependencies, a form M.O. No. 12 $\frac{1}{4}$  (H) P.M. must be prepared and transmitted with the money order return, as the particulars shown on the form are absolutely necessary for audit purposes.

AMOUNTS OF MONEY ORDERS ISSUED FOR PAYMENT IN JAMAICA TO BE CONVERTED BY THE ISSUING POSTMASTER AT AUTHORIZED RATE OF CONVERSION

In the audit of money orders drawn for payment in Jamaica, it is found, in many cases, that the issuing postmasters are using the rate of \$4.47 equals £1. sterling, instead of the correct rate of \$4.50 equals £1.0.0. Jamaican currency. The rate of conversion for orders payable in Jamaica as shown in the last rate circular to hand must always be employed.

REMITTANCES FOR SUPPORT OF CIVILIANS IN SARDINIA, SICILY AND LIBERATED PROVINCES IN ITALY

Further to the notice under the above caption published in Post Office Weekly Bulletin No. 1220 of the 22nd July, 1944, amended regulations to previous instructions are as follows:

Remittances by means of Canadian Post Office Money Orders may now be made by remitters for the support of civilians residing in Sardinia, Sicily and the liberated Provinces in Italy listed below, under the following conditions.

- (1) Such remittances are not to exceed £125 (\$558.75 Canadian money) per family, per month. If desired, remittances may be made quarterly in advance.
- (2) Remittances are to be made only for the support of Italian Nationals and British subjects residing in the liberated Province designated.
- (3) There need be no relationship between the remitter and the payee.
- (4) This arrangement will not apply to remittances in favour of members of the Armed Forces of the United Nations, nor to representatives of the United Nations in Sardinia, Sicily or Italy on official business.

A form M.O. No. 1 P.M. must be filled in by the sender, showing the full name and address of the payee and his nationality, also the name and address of the sender. The nationality of the payee (Italian or British subject) is to be entered on the form M.O. No. 1 P.M. after the payee's name. In the case of Italian Nationals, where possible, the name of one of the parents of the payee should be indicated on the form M.O. No. 1 P.M., immediately under the name of the payee; e.g. payee—Guiseppe (or Maria) Pizzato, son (or daughter) of Antonio Pizzato.

These remittances will be paid to the payee by the Banca d'Italia, Rome, via Barclay Bank Limited, London, England.

## INFORMATION FOR POSTMASTERS

(1) **Out-of-date addresses complicate handling Armed Forces Mail**—The use of obsolete addresses on mail to the Armed Forces Overseas is still causing the Directory Section at the Base Post Office to cope with some 21,000 letters and 3,000 parcels monthly, all improperly addressed. Obviously considerable extra work is placed on the Postal Corps through oversight or neglect on the part of the senders and the possibilities of delay in forwarding the mail are greatly increased.

In some cases delivery was quite impossible and it was necessary to return the letters to the senders in cases where a return address was provided—where the return address was not provided the mail had to be forwarded to the Dead Letter Office.

The name of the Military Unit is omitted from much of the mail handled by the Directory Service. This is comparable to the omission of the street or rural route and town from an ordinary letter!

One main cause of incorrectly addressed mail having been received at the Base Post Office was the use of obsolete mailing lists. Firms mailing employees' publications, church organizations, clubs and patriotic associations which mail letters or parcels to former employees or groups of individuals on Service, frequently neglect to keep their mailing lists of those on Active Service up-to-date. Often addresses are used of units to which the men have not belonged for a year or more—in several cases the men had actually returned to Canada.

It is most essential that lists of addresses used as Overseas mailing lists be revised frequently and kept up-to-date.

POSTMASTERS WILL PLEASE GIVE THE ABOVE ALL POSSIBLE PUBLICITY.

(2) **National Registration—Discharged Members of Armed Forces**—In future when registering persons discharged from the Armed Forces who had not registered before enlisting, the following notation is to be made on the reverse side of the certificate issued—"Discharged from Active Service..... (Army, Navy or Air Force).....on..... (insert date of discharge in full)."

Persons discharged from the Armed Forces who had registered before enlisting are required to complete form "Y" in the manner outlined in the departmental instructions of April 15th, 1944. The applicant is to be issued a temporary 14 day certificate (form "T.C.") and a similar notation to that described above is to be made by the Postmaster on the reverse side of the temporary certificate.

(3) **Appointment of District Director**—Mr. Albert Walker Dingle has been appointed District Director of Postal Services at Calgary, to replace Mr. J. B. Corley, retired, effective the 1st of March 1945

(4) **Acceptance of Cheques at Post Offices.**—Attention of Postmasters is drawn to the fact that the Department has no power to authorize the acceptance of anything but legal tender in payment of Post Office transactions.

If cheques are accepted postmasters must make sure that these cheques will be accepted at face value by the bank in which they make their deposit.

Failure on the part of postmasters to act in accordance with these requirements may result in their being held responsible for the amount of any cheque included in their deposit which is not acceptable to the bank.

(5) **Airgraph Service**—PATRONS ARE REQUESTED NOT TO ADDRESS AIRGRAPH MESSAGES TO PLACES IN:—

CANADA  
NEWFOUNDLAND  
LABRADOR  
BRITISH WEST INDIES  
BRITISH GUIANA  
BERMUDA  
UNITED STATES

NOR TO ANY C. A. P. O.

Messages addressed to any of the above places CANNOT be sent by Airgraph and their transmission to addressees is therefore delayed.

(6) **New Air Letter Form**—Supplementing notice in the January 1945 Supplement, the Postal Service is advised that the new CANADA AIR LETTER form is now being distributed.

The new form will take the place of the Armed Forces Air Letter form and may be used for corresponding with members of the Armed Forces overseas, regardless of destination, and with civilians in the United Kingdom and the following countries:

Aden	New Zealand
Ascension	Nigeria
Australia	Norfolk Island
Banks Islands	Northern Rhodesia
British Somaliland	Nyasaland
Cameroons	Palestine
(British Mandate)	Papua
Ceylon	Persian Gulf Ports
Cook Islands	(Bahrein, Dubai, Kuwait, Muscat, Sharja)
Cyprus	Samoa (Territory under British Administration)
Egypt	Seychelles
Fanning Island	Sierra Leone
Fiji Islands	Solomon Islands

Gold Coast	Southern Rhodesia
India (British and French)	Sudan (Anglo-Egyptian)
Iran	Tanganyika Territory
Iraq	Tibet
Kenya and Uganda	Togo (British Mandate)
Malta	Tonga
Mauritius	Transjordan
New Guinea (Mandated Territory)	Zanzibar
New Hebrides	

All instructions which have been issued in regard to Air Letter forms will apply to the new CANADA AIR LETTER FORMS.

(7) **Registration Fee in United States increased to 20 cents**—The minimum United States domestic registration fee which was increased to 20 cents on the 1st February, 1945, will be applicable to registered articles posted in the United States to Canada.

(8) **Mail Service to Belgium**—Authority has been given by the Secretary of State of Canada for the transmission of food, toilet articles and drugs by mail to Belgium in packages prepaid at letter rate of postage.

Until further notice the following conditions will govern the acceptance of such packages for transmission by post:

- The total weight of a package must not exceed 4 pounds 6 ounces.
- The total value of the contents of a package must not exceed \$25.00.
- The sending of packages is limited to private citizens and must not be undertaken by relief organizations and others.
- No one sender may send more than two packages per week each of which must be to different addresses.
- The naming of addressees other than the known ultimate addressees for the purpose of evading the limitations of the service is prohibited.
- The packages are restricted to gifts and must not include commercial shipments.
- For the time being the contents are to be limited to food, toilet articles and drugs and are subject to any Belgian regulations restricting the importation of certain commodities.
- The rate of postage is 5 cents for the first ounce and 3 cents for each subsequent ounce or fraction thereof.

The weight limit of 4 pounds 6 ounces will also apply to the transmission of written communications and related papers of a bulky nature. The restriction on business communications to those ascertaining facts and exchanging information is still in force.

Illustrated postcards are not admissible.

Registration service is now available.

(9) **Mail Service to Greece**—Reference is made to the January 1945 Supplement.

The Postal Service to Greece, including Crete, has now been extended to include private and business letters, not exceeding one ounce in weight.

Business letters will be restricted, until further notice, to those ascertaining facts and exchanging information.

Illustrated postcards must not be accepted. No registration, money order, air mail or parcel post service is available.

The following postage rates apply:

- Letters —5 cents for each letter.
- Non-Illustrated Postcards—3 cents for each card.

**(10) Mail Service to the Netherlands**—This will refer to notice No. 3, appearing in Weekly Bulletin of January 27, 1945, in regard to the resumption of the civilian postal service between Canada and certain areas in the Netherlands.

This service to the Netherlands has now been extended to include the towns of Bergen Op Zoom, Breda, Dongen, Gemert, Helmond, Kaatsheuvel, Oosterhout, Oudenbosch, Roosendaal, Veghel, Weert, the areas in the immediate vicinity of those towns and the territory south of the river Scheldt including the towns of Axel, Breskens, Hulst, Neuzen, Oostburg and Sas-Van-Gent.

The service, which is at present restricted to non-illustrated postcards, containing messages on personal or business matters, the latter being confined to those ascertaining facts and exchanging information, has now been extended to include private and business letters not exceeding one ounce in weight.

Letters and non-illustrated postcards, up to a maximum weight limit of one ounce may now, therefore, be accepted for the liberated areas of the Netherlands.

Business letters and non-illustrated postcards will be restricted until further notice to those ascertaining facts and exchanging information. No actual trading is permitted.

No registration, air mail, money order or parcel post service is yet available.

The postage rates in effect before the service was suspended will apply, i.e.,

Letters —5 cents for each letter.

Postcards—3 cents each.

**(11) Resumption of Mail Service to Finland**—The mail service for private and business correspondence between Canada and Finland has been resumed.

For the time being, only air mail service beyond England is available, as surface communication with Finland has not yet been restored.

Letters and non-illustrated postcards up to a maximum weight limit of 2 ounces may now be accepted for Finland.

Business letters will be restricted, until further notice, to those ascertaining facts and exchanging information. No actual trading is permitted.

No Registration, Air Mail (to England), Money Order or Parcel Post service is yet available.

The mail service will, therefore, be by surface route to England, thence onward by air, and the following postage rates will apply:

Letters —10 cents for each ounce or fraction thereof.

Postcards—10 cents each.

A considerable number of shortpaid items addressed to Finland have been observed in the mails prepaid only 5c., 6c., 7c. and 8c. respectively instead of 10c., the present rate, necessitating the imposition of a surcharge in each case with resultant inconvenience both to the Canadian Postal Service and to the addressees.

Postmasters are therefore asked to specially bring to the attention of mailers that the above postage rates will apply, until further notice, for private and business correspondence despatched from Canada to Finland.

**(12) Resumption of Mail Service to Roumania**—The mail service for private and business correspondence between Canada and Roumania has been resumed.

Letters and non-illustrated postcards up to a maximum weight limit of 2 ounces may now be accepted for Roumania.

Business letters will be restricted until further notice to those ascertaining facts and exchanging information. No actual trading is permitted.

No air mail, money order or parcel post service is yet available, but registration facilities may be utilized.

The postage rates in effect before the service was suspended will apply, i.e.,

Letters —5 cents for the 1st ounce

3 cents for each additional ounce.

Postcards—3 cents each.

This notice shall constitute the permission of the Secretary of State when the communication services are officially re-opened to the transmitting and receiving of such communications and anyone acting under this notice shall not be deemed to be trading with the enemy, but it shall in no way effect a release of any property in Canada belonging to persons residing in such liberated areas, such property having vested in the Secretary of State of Canada acting in his capacity as Custodian and such property shall continue to be so vested until expressly released under the Revised Regulations Respecting Trading with the Enemy (1943).

**(14) Dutiable articles not to be enclosed in registered packages to China**—A number of registered air letter packages containing dutiable articles have recently been returned to the senders in Canada from China as contrary to their regulations.

In order that dutiable articles may not be accepted from mailers in Canada for transmission in registered packages to China attention is called to the information given under China on page 99 of the Postal Guide.

It should be observed however that, as notified in the September 25, 1943 issue of the Weekly Bulletin medicines admissible in China may, as a temporary measure, be forwarded by the partial air service via India, in registered packages prepaid at the rate of 40c. per half ounce.

(4) **Unaddressed Magazines and Books for Armed Forces**—Postmasters are reminded that under present arrangements all unaddressed magazines or printed books handed in at Post Offices by the public for the use of the Armed Forces are to be accepted and forwarded weekly by each Postmaster to his District Director of Postal Services for disposal.

(5) **Canada Air Letter**—It has been reported that the air letter form, which is available for communication with members of the Armed Forces overseas, and to civilians in the United Kingdom and the countries listed in April, 1945 Supplement to the Postal Guide, is being used for communication by air within Canada.

These air letter forms are not to be used for addresses in Canada and any observed in the mails so addressed are not to be forwarded, but are to be returned to the senders in all cases.

Postmasters will please see that, where necessary, prospective mailers are informed accordingly.

(6) **Restrictions on Overseas Air Mail Service**—This will refer to previous notifications in regard to the restriction to two ounces in weight of air mail forwarded via the United States to other countries.

The United States Post Office Department advise that the weight limit of two ounces is removed insofar as concerns air mail addressed to Bermuda.

Notice of the removal of the weight limit of two ounces on air mail to Mexico, Central America, South America, or the West Indies and other islands within the Caribbean area was published in the March, 1943, monthly Supplement to the Postal Guide.

Air mail forwarded via the United States to all destinations other than those mentioned above is still subject to the two ounce limit.

In accordance with a notice published in the January, 1944, monthly Supplement to the Postal Guide, the two ounce limit on air mail for the United Kingdom has been removed.

Air mail to Sweden is still subject to the two ounce limit.

(7) **Correspondence posted by Canadian Troops in Australia**—Surface letters not exceeding two ounces in weight posted to Canada through service channels by Canadian troops serving in Australia will be accepted free of postage, and on arrival at destination may be delivered without collection of postage charges.

(8) **Communication with Released Military and Civilian Internees in the Philippines**—Mail for released military and civilian internees in the Philippine Islands may now be accepted for onward transmission.

For the present, such mail is restricted to letters and postcards only, prepaid at the air mail rate of postage applicable to the United States, that is, 7c. for the first ounce, and 6c. for each ounce after.

It is intended that this air mail will receive air mail treatment to destination, but it is understood that there is no guarantee that mail for civilians in the Philippines will receive air conveyance onward from San Francisco.

Such mail should be addressed in the following manner:

Name of addressee,  
American Red Cross, Civilian War Affairs Section,  
A.P.O. 442, c/o Postmaster,  
San Francisco, California.

**(9) Mail Service to France and Belgium**—Attention is directed to notices appearing in previous Weekly Bulletins, regarding the resumption of the mail service to the liberated areas of Continental France and Belgium, as regards the despatch of packages of food, toilet articles and drugs, weighing up to 4 pounds 6 ounces, which must be prepaid at the letter rates of postage applicable in each case.

A considerable number of shortpaid packets addressed to France and Belgium have been observed in the mails, resulting in inconvenience to the Canadian postal service, in addition to delay in onward transmission.

Postmasters are, therefore, asked to specially bring to the attention of proposed mailers that the following postage rates apply on these food packets, despatched from Canada to France and Belgium:

**France**

- 4c. for the first ounce, or fraction thereof.
- 2c. for each ounce after.

**Belgium**

- 5c. for the first ounce, or fraction thereof.
- 3c. for each ounce after.

**(10) Mail Service to France**—The mail service to France has now been extended to include the Departments of Meuse and Doubs under the same conditions as at present applying to the despatch of mail, including packages of food, toilet articles and drugs, to the liberated areas of Continental France, to which service is already available.

It should be specially observed that a limited civilian postal service has now been extended to the Departments of—

Haute Saône  
Vosges

Meurthe et Moselle  
Territory of Belfort.

The service of these four places is restricted to non-illustrated postcards, containing messages of a purely personal or family nature.

**(11) Mail Service to France**—Attention is directed to notices appearing in previous issues of the Weekly Bulletin, in regard to the mail service to France.

The mail service to France has now been extended to permit the mailing of packets, containing printed matter, including newspapers and periodicals, up to a maximum weight of one pound, to the liberated areas of Continental France, to which letter service is at present available.

As regards printed matter, the service is restricted to:

Newspapers and periodicals mailed direct by the publisher to another publisher, agent, or subscriber in France.

Other classes of printed matter mailed direct by the publisher or commercial firm.

It should be specially observed that this relaxation applies to such matter mailed by the publisher only. The mailing by the public to France of printed matter, including newspapers or periodicals, is prohibited.

**(12) Resumption of Mail Service to Finland**—Attention is directed to the notice appearing in the April, 1945, monthly Supplement to the Postal Guide, regarding the resumption of the mail service for private and business correspondence between Canada and Finland.

A considerable number of shortpaid items addressed to Finland have been observed in the mails, prepaid only 5c, 6c, 7c, and 8c, respectively instead of 10c, the present rate, necessitating the imposition of a surcharge in each case with resultant inconvenience both to the Canadian Postal Service and to the addressees.

Postmasters are therefore asked to specially bring to the attention of mailers that the following postage rates will apply, until further notice, for private and business correspondence despatched from Canada to Finland:—

- Letters —10 cents for each ounce or fraction thereof.
- Postcards—10 cents each.

**(13) Mail Service to Greece**—Reference is made to the notices published in previous issues of the Post Office Weekly Bulletin in regard to the above.

The postal service to Greece including Crete, has now been extended to permit the mailing of packets containing printed matter including newspapers and periodicals up to a maximum weight limit of four pounds. The service for printed matter is restricted to:—

Newspapers and periodicals mailed direct by the publisher to another publisher, agent, or subscriber in Greece.

Other classes of printed matter mailed direct by the publisher or commercial firm.

It should be specially observed that this relaxation applies to such matter mailed by the publisher only. The mailing by the public to Greece of printed matter, including newspapers or periodicals, is prohibited.

The weight limit of 4 lb. will also apply to the transmission of written communications and related papers of a bulky nature prepaid at the letter rate of Greece of 5c. for the first ounce and 3c. for each subsequent ounce or fraction thereof.

The restriction on business communications to those ascertaining facts and exchanging information is still in force.

Illustrated postcards are not admissible.

There is no air mail, parcel post or money order service to Greece.

Registration service is now available.

**(14) Mail Service to the Netherlands**—Attention is directed to notices appearing in previous Weekly Bulletins, in regard to the civilian postal service between Canada and liberated areas in the Netherlands. The service, which is at present restricted to non-illustrated postcards, containing messages on personal or business matters, the latter being confined to those ascertaining facts and exchanging information, has now been extended to include private and business letters not exceeding one ounce in weight.

Letters and non-illustrated postcards, up to a maximum weight limit of one ounce may now, therefore, be accepted for the liberated areas of the Netherlands.

Business letters and non-illustrated postcards will be restricted until further notice to those ascertaining facts and exchanging information. No actual trading is permitted.

No air mail, money order or parcel post service is yet available.

The postage rates in effect before the service was suspended will apply, i.e.,—

Letters —5 cents for each letter

Postcards—3 cents each.

The mail service to the Netherlands has now been extended under the above conditions, to include most of the area south of the River Maas up to the German frontier including the islands of Walcheren and North and South Beveland.

Correspondence for places where delivery is not at present possible will be held by the Netherlands Post Office until delivery is possible.

Registration will be available from April 30th.

**(15) Resumption of Mail Service to Roumania**—The mail service for private and business correspondence between Canada and Roumania has been resumed.

Letters and non-illustrated postcards up to a maximum weight limit of 2 ounces may now be accepted for Roumania.

Business letters will be restricted until further notice to those ascertaining facts and exchanging information. No actual trading is permitted.

No air mail, money order or parcel post service is yet available, but registration facilities may be utilized.

The postage rates in effect before the service was suspended will apply, i.e.,

Letters —5 cents for the 1st ounce

3 cents for each additional ounce.

Postcards—3 cents each.

**Revised Regulations Respecting Trading with the Enemy (1943)**  
**NOTICE RE ROUMANIA**

The Secretary of State of Canada under and by virtue of the provisions of the Revised Regulations Respecting Trading with the Enemy (1943) hereby gives notice with respect to liberated areas in Roumania that if and when communication services are officially re-opened by the respective Canadian authorities persons residing in Canada may communicate with and receive communications from persons residing in such liberated areas with respect to personal, business, financial and commercial matters but no actual trading shall take place; the purpose of this permission being merely to re-establish business contacts and exchange information. Banks and other financial institutions may reply to requests for information from their depositors, and documents such as birth, death and marriage certificates, wills and other legal notices may be transmitted, but no action shall be taken to transmit any powers of attorney, proxies, payment orders or other legal documents without special permission from the Custodian.

This notice shall constitute the permission of the Secretary of State when the communication services are officially re-opened to the transmitting and receiving of such communications and anyone acting under this notice shall not be deemed to be trading with the enemy, but it shall in no way effect a release of any property in Canada belonging to persons residing in such liberated areas, such property having vested in the Secretary of State of Canada acting in his capacity as Custodian and such property shall continue to be so vested until expressly released under the Revised Regulations Respecting Trading with the Enemy (1943).

DATED at OTTAWA this 16th day of March, 1945.

E. H. COLEMAN,  
Under Secretary of State of Canada

### REMITTANCES FOR THE SUPPORT OF CIVILIANS IN SARDINIA, SICILY AND LIBERATED PROVINCES IN ITALY

Adverting to the notice under the above caption published in the Monthly Supplement to the Canada Official Postal Guide for March, 1945 and Weekly Bulletin No. 1249 of the 10th February, 1945, Postmasters are informed that those portions of the provinces of Florence and Pisa in Italy located south of the river Arno, including the cities of Florence and Pisa, are to be added to the list of provinces in Italy on which Money Orders may be drawn.

### REPORTING MONEY ORDERS IN MONEY ORDER RETURNS

Examination of Money Order Returns shows that in many cases the serial number of the last Order previously reported is not being entered in full in the space provided at the top of the Money Order Return, the first three numbers preceding the dash being omitted.

When a new series is commenced the full eight figures of the serial number must be shown for the first Order reported.

Postmasters will please give this important requirement personal attention.

### LAPSED MONEY ORDERS AND POSTAL NOTES MUST NOT BE PAID WITHOUT SPECIAL AUTHORITY

The Audit of Money Orders and Postal Notes discloses that Money Orders and Postal Notes are being paid after they have become lapsed (viz.: one year from the last day of the month of issue) without the special authority of the Department being obtained as required by Rule 53, Book of Financial Procedure for Accounting Post Offices.

The date of issue of Money Orders and Postal Notes must be carefully examined before payment and under no circumstances may a lapsed Money Order or Postal Note be paid before receipt of authority therefor and payment of the revalidation fee.

## INFORMATION FOR POSTMASTERS

(1) **V.E. DAY—The Victors Still Need "Home Mail."**—V-E Day has come and gone and the glorious victory has dispelled the dark shadow which all these months and years hung over the heads of our fighting men in Europe. They will be rejoicing today as their "long, long trail" nears its end and homecoming is a certainty—no longer a remote possibility.

The mail from home which supported their spirits in the dark days, still is of immeasurable value to them now—even amid the unfamiliar and almost incredible advent of peace.

Now that the guns have ceased firing in Germany, Belgium and Holland our troops will be more than ever anxious to exchange the glad tidings with dear ones at home. They are eagerly awaiting letters and the home-town news to read of Canada's reaction to their glorious triumph.

Postmasters can add to the happiness of our men in Germany by doing everything to encourage patrons to write and to send comforts from home.

(2) **Mail for Liberated Prisoners of War.**—1. Arrangements have been made whereby mail may be forwarded to personnel of the Canadian Armed Forces who were formerly prisoners of war in German controlled territory and who have now been liberated.

2. Mail for such personnel should be addressed as follows, depending upon which of the services the addressee was serving with prior to his being taken prisoner:—

Service Number, Rank and Name,  
Liberated Prisoner of War,  
Canadian Army Overseas

or

Royal Canadian Air Force Overseas

or

Royal Canadian Navy Overseas

or

Canadian Merchant Navy Overseas.

3. Letters and parcels for these liberated prisoners of war should be prepaid at the rates of postage applicable to mail for all members of the Canadian Armed Forces Overseas and are subject to the same regulations as to weight, size, etc.

(3) **More "News" for Overseas Forces.**—Now that the war has ended in Europe our men and women in the Armed Forces Overseas will probably be more anxious than ever for local news of the city, town or community in which they lived prior to enlistment.

With this thought in mind an immediate effort is being made to make more "home" news—news-papers and magazines—available to the FORCES OVERSEAS. With the advent of peace in Europe it has now been possible to relax to some degree the restrictions which permitted the sending of "clippings" only instead of complete newspapers and magazines.

Today the Acting Postmaster General is glad to announce that henceforth the restriction on the mailing of news has been eased INsofar as the OVERSEAS ARMED FORCES ARE CONCERNED and it is now permissible to send "News"—daily or weekly newspapers, magazines or other periodicals to MEMBERS of the ARMED FORCES OVERSEAS. Gummed wrappers, handy for mailing a newspaper, are on sale at all Post Offices.

The lifting of the restriction will, undoubtedly, be appreciated by the ACTIVE SERVICE MEN AND WOMEN OVERSEAS eagerly awaiting news from home.

**POSTMASTERS**—The above for the information and guidance of Postmasters.

Please give this news item all the publicity possible.

(4) **Overseas Mail Service Appreciated**—Quoted below is a letter addressed to The Commanding Officer, Base Post Office, Ottawa, by the wife of a soldier on active service overseas:—

"Every time the Army Mail moves slowly I imagine you receive letters of complaint—so I think it is only fair that you should receive a complimentary letter—and this one comes to highly compliment you and your very efficient staff on their speedy dispatch of my letters.

About 1700 hours on Monday, March 26, I mailed three 'Blue Forms' to my husband, Captain ....., of the ..... Highlanders, and as he was marching through Holland on Easter Sunday morning, April 1, the three letters were handed to him—I think this is really fast going,—and whenever I hear any complaints I always tell them of this fast delivery, because I think it is wonderful to be able to catch this Regiment, as every time the radio announcer gives the news he has them in a different place.

Thanking you and your staff for giving my 'morale boosters' such prompt attention, I am,

Yours for a speedy VE Day"

(5) **Postmaster, Patrons Donate War Savings Stamps.**—For the fifth time Postmaster Joseph J. Deck and the patrons of the Post Office at Mendham, Sask., have made a contribution to Canada's war chest which is very greatly appreciated. Together they have donated War Savings Stamps to the value of \$66.50, which have been turned over by the Post Office Department, Ottawa, to the Minister of Finance. The loyal and continuous effort of the Postmaster and his patrons merits the highest praise.

(6) **Air Stage Service Charlottetown-Magdalen Islands.**—The winter air stage service Charlottetown-Magdalen Islands (C.A.M. 40 in air mail schedules) has been discontinued.

With the opening of navigation, the usual summer steamer service is now in effect.

In addition, a summer air stage service (C.A.M. 40A) operates between Charlottetown and the Magdalen Islands on which the following classes of mail are carried:

(i) ALL FIRST CLASS MAIL.

(ii) SECOND CLASS MAIL, consisting of transient newspapers and those newspapers direct from the publishers which are prepaid at 4 cents per lb., the latter to be endorsed, "Air Postage Paid".

(iii) FOURTH CLASS MATTER prepaid at the AIR PARCEL RATE:

15 cents per lb. or fraction of a lb. up to and including 10 lb.;

\$1.80 per parcel over 10 lb. up to and including 15 lb.;

\$2.40 per parcel over 15 lb. up to and including 20 lb.;

\$3.00 per parcel over 20 lb. up to and including 25 lb.,—to be endorsed "AIR".

All newspapers and parcel post other than the above, prepaid at ordinary postage rates and third class matter are forwarded by steamer.

(7) **Mackenzie River District Air Stage Service.**—It is reported that third class matter addressed for transmission over the Mackenzie River District Air Stage Service often reaches Edmonton prepaid at the ordinary printed matter rate.

Postmasters are, therefore, reminded that the rates applicable to mail for transmission over this air stage service are as follows:

First class matter (restricted to genuine correspondence)

AND

Third class matter (printed matter, circulars, etc.)

Second class matter (newspapers and periodicals)—

{ 4 cents first ounce, 2 cents each ounce after.

When mailed by the public..... 1 cent per each 4 ounces or fraction of 4 ounces, to each separate address.

When mailed from office of publication or from news-dealers to subscribers..... 4 cents per pound.

Parcel Post—See Section 3(c) page 5 of the May Supplement.

(8) **Summer Mail Service to Yukon.**—Attention is invited to the fact that navigation in the Yukon opened on May 25. Surface conveyance of mail in the Yukon is resumed and Summer Service Parcel Post rates to the Yukon are in effect.

Postmasters will please give the above every publicity through the press and otherwise.

(9) **Transmission of Honey Bees by Parcel Post.**—Postmasters are informed that honey bees must not be accepted for transmission in the mails if baggage car service or catch-post service is necessary. Shippers should consult the District Director of Postal Services for information as to places to which honey bees may be sent. (See Section 139 of the Postal Guide).

(10) **Rates of Postage on Parcels Addressed to the Armed Forces in Canada.**—Postmasters are reminded that while parcels addressed to the Armed Forces in Canada are subject to the ordinary parcel post rates, in no case is the charge on such parcels to exceed 12c. per pound.

(11) **Acknowledgment of Receipt Forms.**—Complaint has been received by the Department in regard to the failure of Postmasters and postal employees to fill in on the line provided for the purpose on the reverse side of the Acknowledgment of Receipt form (39B), the ACTUAL DATE OF DELIVERY of a registered article to the addressee.

It is essential that the ACTUAL DATE OF DELIVERY be filled in for the reason that the date stamp of the Post Office of delivery is frequently not placed on the A.R. form until the day after delivery has been effected.

In a great many instances the senders of registered articles desire to know the ACTUAL DATE OF DELIVERY, and Postmasters and postal employees are requested to kindly see that, in future, A.R. forms are properly completed in this respect.

(12) **Parcels Originating Outside of Canada.**—Parcels originating outside of Canada which have NOT been stamped either "DUTY FREE" or "DUTY PAID" by the Customs MUST POSITIVELY BE SUBMITTED TO THE CUSTOMS FOR EXAMINATION before delivery is made to the addressees.

BEFORE delivery is effected of any parcel originally mailed in any country outside of Canada, Postmasters and postal employees must satisfy themselves as to whether or not it has already been stamped "DUTY FREE" or "DUTY PAID".

Considerable revenue is being lost owing to dutiable mail matter being delivered by postal employees before the customs charges have been collected, and every precaution MUST be taken to ensure that no further losses in this respect occur.

(13) **Registration Number Stamp.**—It has come to the attention of the Department that in many instances—owing to the use of poorly inked pads—the impression of the Registration No. (R No.) stamp placed on registered letters and other items is so indistinct or smudged that it is impossible to decipher the name of the Post Office of mailing.

As the name of the Post Office of mailing and registration number are used to describe a registered article throughout its entire transit, i.e., from the time of posting until it is delivered to the addressee, it is very important that the impression of the Registration No. stamp should be clear and distinct.

Postmasters and postal employees are requested to kindly exercise more care in this respect.

(14) **Air Mail Service to the U.S.S.R.**—Air mail may again be posted for transmission to the U.S.S.R., and will be forwarded by trans-Atlantic air mail, via England, for despatch from that country by air to Sweden, thence by surface transport. There is no information yet available as regards U.S.S.R. internal services.

The postage rate for this air mail will be 40c. per half ounce, or fraction thereof.

(15) **Mail Service to the Philippines.**—The United States Post Office Department advise that the postal service has been resumed on a restricted basis to the following liberated areas in the Philippines: Islands of Leyte, Samar, Mindoro and Luzon.

The mail service is limited to letters, also to articles in the form of packages, to one per week from one sender in this country to one addressee in the Philippines, weighing up to 11 pounds. Packages must not exceed 18 inches in length, or 42 inches in length and girth combined.

Business letters will be restricted until further notice to those ascertaining facts and exchanging information.

Such items may be registered, but there is no air mail, money order, or parcel post service available at present.

The postage rates in effect before the postal service was suspended apply, i.e.—

Letters.....5c. for the first ounce.

.....3c. for each additional ounce.

Postcards.....3c. each.

(16) **Mail Service to Switzerland—Registration Service Resumed.**—Reference is made to previous notices in the Monthly Supplement concerning mail service to Switzerland.

Registration service is now available to Switzerland.

(17) **Prohibitory Order Cancelled.**—

"New Yorkin Uutiset".....A newspaper in the Finnish language, published by the Finnish Newspaper Publishing Co., 4418-8th Ave., Brooklyn, N.Y., U.S.A.

## INFORMATION FOR POSTMASTERS

(1) **Deputy Postmaster General.**—Walter J. Turnbull, formerly Director of Public Relations, Post Office Department, and Principal Secretary to the Prime Minister, the Rt. Honourable W. L. Mackenzie King, has been appointed Deputy Postmaster General.

John A. Sullivan, K.C., has been appointed Associate Deputy Postmaster General.

(2) **Post Office Robberies.**—There is a tendency during the summer season for Postmasters to exercise less vigilance in the protection of their premises with the result that robberies and thefts are sometimes committed which might be avoided with a little extra care. Postmasters will, therefore, please carefully observe the following instructions:

1. Doors and windows of Post Office premises should be carefully locked and bolted at night.
2. Post Office valuables must be given maximum protection at all times, but particularly after the office is closed for the day. If there is a safe on the premises these valuables should be placed therein.
3. Attention is particularly directed to the fact that if investigation following a robbery discloses that sufficient protection was not accorded Post Office property, either through carelessness or indifference, the Postmaster will be required to make good any loss involved.
4. In all cases where a robbery has been committed the Postmaster should immediately report it by wire or telephone to the District Office and notify the police.

(3) **Similarity in Post Office Names.**—The attention of Postmasters and Railway Mail Clerks is directed to the similarity in the names of the following Post Offices:

Lemieux, P.Q.

Lemieux, Ont.

Particular care should be exercised in the sortation of mail for the above offices.

(4) **Redemption of War Savings Stamps.**—War Savings Stamps of the present issue must not be redeemed without authority.

Postmasters are warned that they may be held personally responsible for any redemptions made without proper authorization from the Department.

(5) **Return Address—Armed Forces Mail.**—A complete return address on all mail for the Armed Forces is more important than ever at the present time.

The movement of members of the Armed Forces will increase rather than diminish with personnel changing units, returning to Canada, or proceeding from Canada overseas. All these movements complicate the delivery of their mail.

Under these circumstances a complete return address on all mail is most desirable in order to ensure its prompt return if undeliverable.

Postmasters are asked to make special efforts to bring this to the attention of the public.

(6) **Customs Declarations for Armed Forces Overseas replaced by Special Labels.**—The use of Customs Declarations (Form 91-B) is no longer necessary for parcels addressed to members of the Armed Forces Overseas or to personnel on duty abroad in H.M. and H.M.C. ships or ships of the Merchant Navy.

In future it will suffice to affix a label as per sample already furnished with Post Office Weekly Bulletin No. 1266 of the 9th, June, 1945.

The particulars required on this label are the signature and address of the sender and an indication of the method of disposal desired in case the parcel should prove to be undeliverable at the original address.

Special attention is directed to the fact that no matches, lighter fluid, other inflammable matter or prohibited articles may be enclosed in these parcels.

An initial supply of labels is being issued to respective District Directors and District Superintendents. Postmasters are requested to requisition for supplies required in the usual way to the regular source.

(7) **Import Permits—Spain.**—Information has been received to the effect that the importation of goods into Spain by parcel post is subject to the production by the addressee of an import licence which must be obtained in advance.

Postmasters will please bring the above to the attention of prospective mailers wherever possible.

(8) **Prisoner of War Air Letter Forms.**—The Prisoner of War Air Letter Folder bearing the words Prisoner of War Post—Kriegsgefangenenpost—has now become obsolete.

Postmasters will please immediately return to their regular source of supply all of these forms now in their possession.

The Prisoner of War Cards, bearing the Japanese characters, are to be retained for issue as required.

(9) **Rates of Postage on Letters and Postcards, from Other Countries to Canada:** Postmasters are advised that the rates of postage on letters and postcards from the countries below are as follows:

	1st weight	2nd weight	Postcards
Bulgaria.....	10 leva	6 leva	6 leva
Ethiopia.....	20 centimes	12 centimes	12 centimes
French Settlements of Oceania.....	4 francs	2 francs 40 centimes	2 francs 40 centimes
Greece.....	12 lepta	8 lepta	8 lepta
Italy.....	5 lira	3 lira	3 lira
New Caledonia.....	4 francs	2 francs 40 centimes	2 francs 40 centimes
Vatican (City State).....	250 centissimi	150 centissimi	150 centissimi

The above to be substituted for the corresponding entries in the list of rates of postage from foreign countries page 82 of the 1944-1945 Postal Guide, and where necessary additions should be made to the list of countries.

**(10) Resumption of Mail Service to the British Solomon Islands.**—The postal service for all classes of mail has been resumed to Lunga and Munda in the British Solomon Islands.

The rates and conditions in effect before the service was suspended will apply. Parcel post cannot be insured.

**(11) Resumption of Mail Service to the Channel Islands.**—The postal service for all classes of mail (except samples) has been resumed to the Channel Islands.

The rates and conditions are those applicable to mail for the United Kingdom.

Parcels are subject to considerable delay, and it is to be noted that they are accepted only at the risk of the sender—until further notice they are not to be accepted for insurance.

**(12) Resumption of mail service to the Dodecanese Islands of Carpathos (Scarpanto) Cases (Kaxo), Symi (Simi), Rhodes (Rodi), Alimnia (Limiona), Kharki (Calchi), Leros (Lero), Patmos (Patmo), Lipsos (Lisso), Arki (Arch), Gaidaro, Kos (Coo), Nisyros (Nisiro), and Kalymnos (Calino).**—Mail service to the above mentioned Dodecanese Islands has been resumed for the transmission of letters, non-illustrated postcards, as well as written communications and related papers of a bulky nature up to a maximum weight limit of 4 pounds.

Business communications are restricted to those ascertaining facts and exchanging information.

Illustrated postcards are not admissible.

There is no air mail, money order or parcel post service.

Registration service is now available.

The postage rates in effect before the postal service was suspended apply, i.e.—

Letters—5 cents for the first ounce

3 cents for each additional ounce.

Non-illustrated Postcards—3 cents each.

The mailing of packets containing printed matter including newspapers and periodicals up to a maximum weight limit of four pounds is also permitted. The service for printed matter is restricted to:

Newspapers and periodicals mailed direct by the publisher to another publisher, agent, or subscriber.

Other classes of printed matter mailed direct by the publisher or commercial firm.

It should be specially observed that this relaxation applies to such matter mailed by the publisher only. The mailing by the public of printed matter, including newspapers or periodicals, is prohibited.

**(13) Mail Service to Italy.**—The restricted mail service from Canada to certain parts of Allied-occupied Italy, including Silicy and Sardinia, has now been extended to the whole of Italy, except the provinces of Bolzano, Trento, Udine, Groizia, Trieste, Fiume and Pola.

Mail may be sent to Italy, with the exceptions of the provinces mentioned above under the conditions appearing in the February, 1945, Supplement to the Postal Guide.

**(14) Resumption of Mail Service to Norway.**—The postal service to Norway has now been extended to permit the mailing of packets containing printed matter, including newspapers and periodicals, up to a maximum weight of four pounds. The service for printed matter is restricted to:—

Newspapers and periodicals mailed direct by the publisher to another publisher, agent, or subscriber in Norway.

Other classes of printed matter mailed direct by the publisher or commercial firm.

It should be specially observed that this relaxation applies to such matter mailed by the publisher only. The mailing by the public to Norway of printed matter, including newspapers or periodicals, is prohibited.

The weight limit of 4 lb. will also apply to the transmission of written communications and related papers of a bulky nature prepaid at the letter rate to Norway of 5 cents for the first ounce and 3 cents for each subsequent ounce or fraction thereof.

The restriction on business communications to those ascertaining facts and exchanging information is still in force.

Illustrated postcards are not admissible.

There is no registration, parcel post or money order service to Norway.

Air mail service is available at the rate of 40 cents for each half ounce or fraction thereof.

Air mail for Norway will be forwarded via England for despatch from that country by air to Sweden, thence by surface transport.

**(15) Argentina Parcel Post—Certificate of Disinfection must accompany Parcels containing second hand or used Clothing addressed to Argentina.**—Postmasters are reminded that all parcels addressed to Argentina, containing second-hand or used clothing, must be accompanied by a certificate of disinfection bearing the visa of an Argentine Consul.

Postmasters are requested to bring this requirement to the attention of the senders wherever possible.

**(16) Parcel Post to Algeria and Tunisia Resumed.**—Parcel Post for Algeria and Tunisia may now be accepted for despatch via New York. The following rates will apply:

1 lb.....	\$0.30	6 lb.....	\$1.25	Over 10 lb.	Over 15 lb.

All parcels should be legibly marked "via New York" and forwarded to Montreal to be included in the parcel mails to be made up by that Office for despatch via New York.

Parcel Post must not be accepted for insurance.

The regulations as to packing, customs declarations, prohibited articles, etc., will be the same as those which applied to France before the service was suspended.

(17) **Parcel Post Rates to Other Countries.**—Postmasters will find hereunder a revised Table of Parcel Post Rates from Canada to other Countries, which supersede the information given in the 1944-45 Postal Guide. Any changes should be noted in their Postal Guide.

## MONEY ORDER INFORMATION

---

### MONEY ORDERS ISSUED IN FAVOUR OF MEMBERS OF THE CANADIAN ARMY, NAVY AND AIR FORCE OVERSEAS

Notwithstanding the Notices published in Weekly Bulletin No. 1248 of 3rd February, 1945, and in the Monthly Supplement to the Canada Official Postal Guide for May, 1945, Money Orders for amounts over \$10.00 are still being issued in favour of members of the Canadian Army, Navy and Air Force Overseas.

Money Orders for payment to members of the Canadian Army, Navy and Air Force on active service overseas must not under any circumstances be issued for an amount in excess of that permitted by the regulations, namely, \$10.00, to the same payee in any one day.

This restriction does not apply to remittances in favour of members of the Canadian Active Force in Newfoundland or Labrador (C.A.P.O. Nos. 1, 2, 4, 5 and 10).

### CLAIMING POSTAL NOTE SCRIP

The audit of Postal Note Scrip claims discloses that forms P.N. 110 to 114 inclusive provided for claiming the scrip are not being employed or when employed are being improperly used in that they are not being date-stamped or completed or the correct denomination affixed to the designated forms.

The instructions on the forms and in Bulletin No. 1256 of 31st March are self-explanatory and it is requested that they be carefully followed when scrip is being claimed.

Postmasters may suggest to patrons to either pin, clip or affix the corner of the scrip to the covering letter when forwarding scrip separately as a precautionary measure against having the scrip left in the envelope.

**INFORMATION FOR POSTMASTERS**

(1) **Acceptance of Registered Articles.**—When a registered article is presented for mailing, every possible care is to be taken to see that—

- (a) It is fully prepaid both as regards ordinary postage charges and registration fee (sender should be informed of the added protection afforded by the higher fees);
- (b) A receipt duly completed is given to the sender;
- (c) An impression of "Original No." stamp is placed on the cover and a number given the article;
- (d) An entry is made in registered record;
- (e) The postage stamps are properly cancelled; and
- (f) The article is properly date-stamped **IMMEDIATELY** on the address side, and twice back-stamped upon the closing flap.

Enquiry should also be made as to the nature of the contents of a packet tendered for registration. When the contents are of such a nature as to preclude the payment of indemnity for damage, viz. glassware (especially spectacles), liquids, watches, etc., (See Section 192, Page 49 of the Canada Official Postal Guide), the sender is to be so advised and the Registration Certificate endorsed "Registered against loss only". In other "fragile" cases, the Postmaster must satisfy himself that the contents are fully protected.

(2) **Requisitions for Supplies of National Registration Forms.**—Postmasters are reminded that requisitions for supplies of National Registration Cards for men and women, National Registration Certificates and the large size envelopes for returning completed Registration Cards, should be sent direct to the Chief Registrar for Canada, Ottawa.

Postmasters will kindly note, however, that requisitions for supplies of the following:

Form X—1c. change of address postcard.

Form Y—Application for lost or defaced certificate.

Form Z—Change in marital status.

Form T.C.—Temporary "14-day" certificate.

4c. envelopes for returning completed forms Y and Z.

should be forwarded to their regular Postage Stamp Depot in the same manner as requisitions for postage stamps.

(3) **Similarity in Post Office Names.**—The attention of Postmasters and Railway Mail Clerks is directed to the similarity in the names of the following post offices:

Elva, Man., Elma, Man. (non-post office point).

Particular care should be exercised in the sortation of mail for the above offices.

(4) **Special Customs Declaration for Armed Forces Parcels.**—In the July, 1945, Supplement to the Postal Guide it was advised that a special label had been prepared for use on parcels addressed to members of the Forces overseas which was to replace the usual Customs Declaration (Form 91B).

Doubt appears to have arisen as to whether a civilian alternative address may be indicated on these forms or whether the alternative address must be that of another member of the Armed Forces.

There is no objection whatsoever to the use of a civilian alternative address on such labels. However, as parcels for the Armed Forces are accorded special rates of postage and are admitted free of duty into the United Kingdom as a special concession, it should be clearly pointed out to any patron using a civilian alternative address that the civilian in the United Kingdom would probably be charged additional postage fees and would be assessed British Customs or Excise taxes which, in the case of some articles, are prohibitive. It is also possible that he may have to surrender coupons for certain articles.

However, if notwithstanding the possibility of extra charges being imposed, the sender desires to indicate a civilian as the alternative addressee, he should fill in the Customs Declaration accordingly.

(5) **Re: Correspondence to Financial Branch.**—Correspondence relating to Financial Branch business should be addressed:

For Financial Superintendent

followed by the name of the Division, i.e. Money Order Division, Savings Bank Division, Revenue Division, Postage Stamp Division, as the case may be.

Envelope 15 is provided for this purpose and the words, "Financial Branch", followed by the name of the Division, should be entered in the upper left-hand corner of this envelope in the space specially reserved for such purpose.

(6) **Airgraph Service discontinued.**—The airgraph service between Canada and all other countries including the United Kingdom, Australia, New Zealand and India, was discontinued on the 14th July, 1945.

(7) **Air Mail Service to Australia, New Zealand and Fiji.**—A trans-Pacific air mail service is being introduced from Canada to Australia, New Zealand and Fiji effective at once.

Until further notice, the rates of postage will be as follows:

To Australia and New Zealand.....	(Air Mail (Limit of Weight 2 oz.)—75c. per $\frac{1}{2}$ oz. Air Letter Forms to Civilians—25c. each. Air Letter Forms to Armed Forces—10c. each.
-----------------------------------	---

To Fiji.....	(Air Mail (Limit of Weight 2 oz.)—65c. per $\frac{1}{2}$ oz. Air Letter Forms to Civilians—25c. each. Air Letter Forms to Armed Forces—10c. each.
--------------	---

Air mail for Australia, New Zealand and Fiji is restricted to letters in their usual and ordinary form.

The service for Air Letter Forms to civilians in the above destinations, hitherto operated via England, has been discontinued.

All air mail items (air mail and Air Letter Forms) for civilians should be forwarded to Vancouver to be included in the direct mails to be made up by that office. All air mail and air letters for the Armed Forces except those for Fiji should be forwarded to the Base Post Office, Ottawa, for onward despatch. Air mail and air letters for the Armed Forces in Fiji should be forwarded to Vancouver.

(8) **Air Mail Service to Denmark.**—Air mail may again be posted for transmission to Denmark, and will be forwarded by trans-Atlantic air mail, via England, for despatch from that country by air to Sweden, thence by surface transport.

The postage rate for this air mail will be 40c. per half ounce, or fraction thereof.

(9) **Mail Service to France (Partial Air Conveyance).**—Correspondence for France may be accepted for transmission by trans-Atlantic Air Mail to England for onward despatch by surface means from that country to France.

Such correspondence should be given air conveyance in Canada wherever possible.

The postage rate will be 30 cents for each half ounce or fraction thereof.

(10) **Mail Service to France—Parcel Post.**—Authority has been given by the Secretary of State of Canada for the transmission of food, toilet articles, drugs and used clothing by parcel post to France.

Effective immediately, parcel post service to France is resumed subject to the following conditions:

The total weight of a parcel must not exceed 11 lb.

Parcels cannot be insured.

The total value of the contents of a parcel must not exceed \$25.00.

The sending of parcels is limited to private citizens and must not be undertaken by relief organizations and others.

The naming of addressees other than the known ultimate addressee, for the purpose of evading the limitations of the service, is prohibited.

No one sender may send more than two parcels per week—each of which must be to different addressees.

The parcels are restricted to gifts addressed to private individuals in France and must not include commercial shipments.

For the time being, the contents are to be limited to food, toilet articles, drugs and used clothing of a serviceable type, the donation of which will not necessitate replacements.

The contents are to be listed in detail on the covering Customs Declarations.

The term "clothing" will not be sufficient to describe items of used clothing. They must be described as used.

The contents are subject to any French regulations restricting the importation of any commodities. At the present time parcels containing food and clothing, with the exception of gloves, furs and silk lingerie sent as a gift not more frequently than once every two weeks to one and the same addressee and weighing not more than 11 lb., are admitted into France free of all duties and taxes.

It is to be noted that non-observance of any of the conditions indicated may result in seizure of the parcel.

Until further notice, the rates of postage applicable to such parcels will be as follows:

1 lb.....	\$0.60	7 lb.....	\$1.50
2 lb.....	0.70	8 lb.....	1.80
3 lb.....	1.05	9 lb.....	1.95
4 lb.....	1.15	10 lb.....	2.05
5 lb.....	1.25	11 lb.....	2.15
6 lb.....	1.40		

For the present, Montreal will be the only Canadian exchange office for the despatch of parcel post to France and all parcels for France should be diverted to Montreal British & Foreign to be included in the direct closed parcel mails to be made up by that Office for France.

## INFORMATION FOR POSTMASTERS

(1) **Postal Service Commended**—A word of tribute, published as an editorial comment in the Kamloops Sentinel, is passed along to all Postal personnel:

## "An Amazing Service"

At frequent intervals in recent weeks the press has carried small items saying that mail service has been resumed to one country after another. These items are in themselves unspectacular, but in the aggregate depict a picture of one of civilization's most widespread and efficient services—the postal service.

Throughout the war, the world's postal service carried on far beyond what could be expected of it; and following along with the advancing armies the network of communication was quickly spread, web after web, to once again embrace practically all countries.

There was nothing spectacular about it. The Canadian postal authorities simply issued a statement: "The mail service for private and business correspondence between Canada and Czechoslovakia has been resumed." Or: "Mail service to the Dodecanese Islands has been resumed....." Or: "Parcel Post for Algeria and Tunisia may now be accepted for despatch via New York."

With the increasing use of air transport for mail, the speed of transmission between far-flung points on the globe is amazing. And it is all done for a few cents. When one considers the service received, it seems doubtful if a few lowly cents have as great a value anywhere else."

(2) **Service appreciated**.—Quoted below, for the information of Postal personnel, is a letter received at the Department:

"Now that the War is won and Mail to Europe is no longer quite such a gamble I would like to advise you of what I consider to be something of a record.

I have been sending to my Mother in England regularly every month for the last 20 years a certain sum of money and from the day War was declared until the last remittance that arrived on July 15th not a single letter of mine to her containing money has failed to arrive in England. I used ordinary registered mail most of the time.

I would also like to say before closing that whoever was responsible for the Airgraph deserves a huge vote of thanks as we in Canada were able to keep in touch with our folks in England and were reasonably sure that our letters would arrive and in much quicker time than ordinary mail which some times took 5 weeks."

(3) **HEALTH NOTE—Warnings of Eye Trouble**.—Eye trouble may be caused by an uncorrected defect in the structure of the eye, by disease either in the eye itself or in other parts of the body, by some deficiency in the diet, or by improper use of the eyes. Warnings to be heeded are:

1. Persistent headaches.
2. Eyeaches
3. Watery eyes

4. Blurred vision
5. Inflammation or soreness of the eyes or lids
6. Dizziness
7. Tired feelings upon using the eyes
8. Swollen, puffy, or drooping eyelids
9. Persistent scowl

10. A tendency to hold a book or handwork too close to or too far from the eyes.

If you have any of the above symptoms, a wise step for you to take would be to consult your physician. He will advise you if the case can be treated by him or should be treated by a specialist in eye care. Inflamed or sore eyes should never be neglected. It is dangerous to try to treat your eyes at home without a doctor's advice. If proper medical care is secured early enough, most forms of inflammatory eye disease can be cleared up without causing permanent damage to the eyesight.

(4) **Envelopes containing Mothers' Allowances Cheques mailed by the Department of Public Welfare, Province of Ontario, not to be re-directed.**—The Mothers' Allowances Commission, Department of Public Welfare, Province of Ontario, have printed the following request on envelopes containing Mothers' Allowances cheques:

POSTMASTERS  
DO NOT RE-ADDRESS, RETURN TO  
BOX 246, PARLIAMENT BUILDINGS, TORONTO.

Postmasters in the Province of Ontario are instructed to comply with this request and return such undeliverable envelopes direct to the senders instead of re-directing them to a new address.

(5) **Special Delivery Facing Slip (Form S.D.4)**—A great number of Postmasters and postal employees are in the habit of putting Special Delivery letters wrapped in form S.D. 4 in the inside of a letter package instead of placing the Special Delivery letters on the top of the package and wrapping form S.D. 4 around the entire package.

This incorrect practice has resulted in some instances in delayed delivery of the Special Delivery letters.

The object of wrapping form S.D. 4 around the entire package is to enable the Post Office of delivery to "spot" packages containing Special Delivery letters immediately the bag is dumped.

It is requested that, in future, Special Delivery letters be placed on the top and form S.D. 4 be wrapped around the entire package.

(6) **Air Mail Service to Belgium.**—Correspondence for Belgium may be accepted for transmission by trans-Atlantic air mail to England for onward despatch by surface means from that country to Belgium.

Such correspondence should be given air conveyance in Canada wherever possible. The postage rate will be 30 cents per half ounce or fraction thereof.

(7) **Air Mail Rates to Bermuda, West Indies and Central and South America.**—Reductions have been made in the air mail rates to Bermuda and certain countries in South America, and, effective 1st September, 1945, the following postage rates will apply to the countries listed below:—

	Postage including Fees for all Air Mail Services
Any Place in Bermuda.....	Available 10c each $\frac{1}{4}$ ounce.
West Indies and British Guiana, Mexico, Cuba and Central America.....	10c each $\frac{1}{4}$ ounce.
South America—	
(a) Ecuador, Fr. Guiana, Netherlands Guiana, Peru and Venezuela.....	15c each $\frac{1}{4}$ ounce.
(b) Argentina, Bolivia, Brazil, Chile, Paraguay and Uruguay.....	20c each $\frac{1}{4}$ ounce.
(c) Columbia.....	25c each $\frac{1}{4}$ ounce.

Registration, if desired, is additional to the above.

The amended air rates are marked IN HEAVY TYPE.

(8) **Air Mail Service to the U.S.S.R. Norway and Denmark.**—Reference is made to notices published in the June, July and August 1945 Supplements to the Postal Guide in regard to the above.

The postage rates are as follows:—

Surface route to England then by air to Sweden, with surface conveyance thence to destination..... 10c each ounce.

Air conveyance by all available air services..... 40c per  $\frac{1}{4}$  ounce.

The limit of weight to Denmark and Norway is 1 ounce.

(9) **Illustrated Postcards to France.**—Illustrated postcards may now be accepted for transmission to France.

**(10) Letter Postage Rates to Corsica.**—Attention is directed to a notice on page 8 of the June, 1944 Supplement to the Postal Guide, amending the entry in the 1944-45 Postal Guide in regard to the rate on letters for Corsica.

Postmasters are reminded that the postage rate on letters to Corsica is 4 cents for the first ounce and 2 cents each additional ounce or fraction thereof.

**(11) Personal Postal Messages and Red Cross Enquiries Intended for transmission to Germany and Austria.**—In accordance with a communique received from the International Committee of the Red Cross, Geneva, Switzerland, personal postal messages addressed to Germany and Austria should not for the present be accepted for transmission to those countries, as there is no means of forwarding such correspondence to destination.

The same applies to Red Cross enquiries addressed to the International Red Cross in Geneva, Switzerland, regarding individuals in Germany and Austria, which cannot be forwarded after they reach Switzerland.

Postmasters should bring the above to the attention of prospective mailers wherever possible.

**(12) Mail Service to Belgium—Parcel Post.**—Authority has been given by the Secretary of State of Canada for the transmission of food, toilet articles, drugs and used clothing by parcel post to Belgium.

Effective immediately, parcel post service to Belgium is resumed subject to the following conditions:

The total weight of a parcel must not exceed 11 lb.

Parcels cannot be insured.

The total value of the contents of a parcel must not exceed \$25.00.

The sending of parcels is limited to private citizens and must not be undertaken by relief organization and others.

The naming of addressees other than the known ultimate addressee, for the purpose of evading the limitations of the service, is prohibited.

No one sender may send more than two parcels per week—each of which must be to different addressees.

The parcels are restricted to gifts addressed to private individuals in Belgium and must not include commercial shipments.

For the time being, the contents are to be limited to food, toilet articles, drugs and used clothing of a serviceable type, the donation of which will not necessitate replacements.

The contents are to be listed in detail on the covering Customs Declarations.

The term "clothing" will not be sufficient to describe items of used clothing.

They must be described as **used**.

It is to be noted that non-observance of any of the conditions indicated may result in seizure of the parcel.

Until further notice, the rate of postage applicable to such parcels will be as follows:—

1 lb.....	.55	6 lb.....	\$1.30
2 lb.....	.65	7 lb.....	1.45
3 lb.....	.85	8 lb.....	1.70
4 lb.....	\$1.10	9 lb.....	1.80
5 lb.....	1.20	10 lb.....	1.95
		11 lb.....	2.05

For the present, Montreal will be the only Canadian exchange office for the despatch of parcel post for Belgium and all parcels for Belgium should be diverted to Montreal British & Foreign to be included in the direct closed parcel mails to be made up by that Office for Belgium.

These rates are of a temporary nature and are subject to revision.

**(13) Mail Service to Belgium, Denmark, Finland, France, Luxembourg and Norway—Sample Post Service Resumed.**—The service for sample post has now been restored to the countries mentioned above.

The normal conditions of mailing, including the 1 lb. weight limit, will apply.

**(14) Mail Service to Prisoners of War in Far East suspended.**—On account of existing conditions it is no longer possible to send mail via the U.S.S.R. to Prisoners in the Far East; and no other route is available at present. No correspondence should be accepted, therefore, for such Prisoners of War.

Arrangements are being made by the Canadian Red Cross Society, whereby relatives of Prisoners of War and Civilian Internees in the Far East may transmit short messages to the Prisoners and Internees upon their liberation. Full details are being announced by the Canadian Red Cross.

**(15) Parcel Post to Corsica Resumed.**—Parcel Post for Corsica may now be accepted for despatch via New York. The following rates will apply:

1 lb.....	\$0.30	6 lb.....	\$1.25		
2 lb.....	0.50	7 lb.....	1.45	Over 10 lb.	Over 15 lb.
3 lb.....	0.65	8 lb.....	1.60	up to 15 lb.	up to 20 lb.
4 lb.....	0.85	9 lb.....	1.80		
5 lb.....	1.05	10 lb.....	2.00	\$2.50	\$3.50

All parcels should be legibly marked "via New York" and forwarded to Montreal to be included in the parcel mails to be made up by that office for despatch via New York.

Parcel post must not be accepted for insurance.

The regulations as to packing, customs declarations, prohibited articles, etc., will be the same as those which applied to France before the service was suspended.

## MONEY ORDER INFORMATION

### MONEY ORDERS ISSUED IN BERMUDA FOR PAYMENT IN CANADA

Intimation has been received from the Postal Administration of Bermuda to the effect that the issue of Money Orders at offices in Bermuda for payment in Canada will be resumed commencing the 1st August, 1945.

Such Orders will be paid in accordance with the particulars given on the relative advice. If no advice is to hand application therefor is to be made to the Financial Branch, Money Order Division, Post Office Department, Ottawa.

### REMITTANCES FOR SUPPORT OF CIVILIANS IN SARDINIA, SICILY AND LIBERATED PROVINCES IN ITALY

With reference to the notice under the above caption published in Post Office Weekly Bulletin No. 1220 of the 22nd July, 1944 and in the Monthly Supplement to the Canada Official Postal Guide for March, 1945, Postmasters are informed that remittances may now be made to any part of Italy except the following provinces:—

Carnaro (Fiume)  
Gorizia  
Pola  
Trieste  
Zara

Postmasters are reminded that remittances are to be made for the support of Italian Nationals and British Subjects only, and that the nationality of the payee (Italian or British Subject) is to be entered on the form M.O. No. 1 P.M. after the payee's name.

### REMITTANCES TO CHINA

Intimation has been received from the Bank of China, New York, N.Y. U.S.A., that applications may now be accepted for the transmission of remittances via air mail or cable transfer to Wenchow, Province of Chekiang, Foochow, Province of Fukien and Kweiyang, Province of Kweichow, China.

Remittances may be made:—

- (1) Via Air mail at a cost of 80c for each total remittance.
- (2) By registered code cablegram at a cost of \$2.50 for each total remittance by the same remitter in favour of the same payee.

- (3) By standard cablegram at a cost of \$11.00 for each total remittance by the same remitter in favour of the same payee. If the remittance is to be made to more than one payee the charge for each additional payee is \$2.00 in addition to the original charge of \$11.00.

Postmasters must, therefore, ascertain from the applicant the desired mode of transmission of the remittance from New York to China. If by code cablegram, the Postmaster must ascertain if the applicant has been assigned a register number by the Bank of China, New York, N.Y. U.S.A.

The rate for each 100 Chinese Dollar remittance is \$5.95 (Canadian money) and in addition the sender is required to pay the cost of transmission from the Bank of China, New York to China. For example:—

(1) For a remittance of 100 Chinese Dollars via air mail the Postmaster will collect \$5.95 plus 80c air mail fee making a total of \$6.75 (Canadian money). For a remittance of 200 Chinese Dollars, the Postmaster will collect \$11.90 plus 80c air mail fee making a total of \$12.70 (Canadian money).

(2) For a remittance of 100 Chinese Dollars via registered code cablegram, the Postmaster will collect \$5.95 plus \$2.50 making a total of \$8.45 (Canadian money). For a remittance of 200 Chinese Dollars, the Postmaster will collect \$11.90 plus \$2.50 making a total of \$14.40 (Canadian money).

(3) For a remittance of 100 Chinese Dollars via standard cablegram the Postmaster will collect \$5.95 plus \$11.00 for cablegram making a total of \$16.95 (Canadian money). For a remittance of 200 Chinese Dollars, the Postmaster will collect \$11.90 plus \$11.00 for cablegram making a total of \$22.90 (Canadian money). If the remittance is intended for more than one payee the Postmaster will collect an additional \$2.00 for each additional payee.

The Order must, therefore, be drawn for \$6.75 or \$12.70 as the case may be if the remittance is via air mail. If via registered code cablegram the Order must be drawn for \$8.45 or \$14.40 as the case may be and if via standard cablegram the Order must be drawn for \$16.95 or \$22.90 as the case may be. The Money Order must be reported in the Money Order return for the amount drawn with the rate of commission applicable to Money Orders payable in Canada. The name of the country of payment is to be entered in the return as Canada (Chinese remittance).

The receipt only is to be given to the remitter. An application form M.O. No. 1 P.M. is to be prepared by the sender showing in Chinese characters the

complete name and address of the payee in China to whom the amount is to be paid also the remitter's name in Chinese characters and his address in the English language. A second application Form (M.O. No. 1 P.M.) showing the same information in the English language must be obtained from the sender. The Postmaster must fill in the serial number of the Order and the amount in Chinese money on the application form (M.O. No. 1 P.M.). The equivalent in Canadian money collected from the sender must not be indicated on the application form (M.O. No. 1 P.M.). If the remittance is to be made via registered code cablegram the registered number of the remitter must be shown on both application forms as follows:—

“Registered No. . . . . Cable remittance. . . . .”

The Order with coupon attached and both application forms (M.O. No. 1 P.M.) must be enclosed in envelope No. 9 P.M. to the Ottawa Exchange office.

If the remittance is for family maintenance the Chinese Government will grant \$480 (Chinese) for each \$20.00 (Chinese). The Postmaster must, therefore, indicate on each application form, the words “For Family Maintenance”.

### REMITTANCES TO CHINA

Attention is directed to the notice under the above caption published in Post Office Weekly Bulletin No. 1273 dated the 28th July, 1945.

Intimation has been received from the Bank of China, New York, N.Y. U.S.A. that the rate for each \$100.00 Chinese remittance has been changed from \$5.80 to \$5.95 (Canadian money).

Consequently, wherever the amount \$5.80 appears in the notice, a change is to be made to read \$5.95 and all computations must be made until further notice on the basis of \$5.95 equals \$100.00 (Chinese money).

For example, for a remittance of \$200.00 (Chinese money) via air mail the postmaster must collect \$11.90 plus 80c air mail fee making a total of \$12.70 (Canadian money).

### REPAYMENT OF EXCHANGE ON MONEY ORDERS DRAWN ON THE UNITED STATES AND DEPENDENCIES REPAYED TO THE SENDER IN CANADA

When repayment is made to the sender in Canada of a Money Order drawn on the United States and Dependencies, the amount collected as exchange is to be refunded to the sender in addition to the face value of the order. The amount of the face value of the order and the amount of exchange are to be entered on the reverse of the order and the remitter's receipt obtained, and the total amount claimed in the Money Order Return, and included in the amount entered at Item 13 of the relative Cash Account. The regular Money Order Commission which includes the Revenue Tax is not to be refunded.

## INFORMATION FOR POSTMASTERS

(1) **Receives 300th Consecutive Letter from Overseas.**—Mrs. Dorothy Williams, Assistant at Sub-Post Office No. 11, Saskatoon, Sask., reports that she has just received her 300th consecutive letter from her husband serving with the R.C.A.F. in England. In turn, he has received every letter she has written to him. This is another illustration of the efficient treatment and the protection accorded the mails to and from our Armed Services Overseas.

(2) **HEALTH NOTE—Eye Accidents.**—Every individual may at some time or other get something in the eye. When this happens it is important to remember that rubbing the eyeball is likely to make matters worse. To attempt to remove the bit of dust or cinder with anything rough or unclean is extremely dangerous, as a serious eye infection may result. Amateur attempts to remove a foreign body from the eye have sometimes seriously damaged the eyesight. When you're dealing with vision, go to someone experienced in this work.

(3) **Yukon Parcel Post—Winter Service.**—During the season of closed navigation on the Yukon River, which extends approximately from 1st October to 31st May, parcel post to and from post offices in the Yukon will be suspended, except as under:—

**CARCROSS, WHITE HORSE AND CHAMPAGNE**—Rates and services the same as during summer.

**WATSON LAKE**—By Motor Vehicle Service at the rate of thirty cents for the first pound and twenty-five cents for each additional pound.

(Notice No. 3 continued next page)

**CARMACKS, FORT SELKIRK, MAYO LANDING AND DAWSON.**—By Air Stage service at the rate of 30 cents for the first pound or fraction thereof and 25 cents for each additional pound. This rate is applicable from Carcross, White Horse and Champagne in the Yukon and from Canadian points outside the Yukon to the five offices named, including Watson Lake, and vice versa; and also between any two of these five offices.

Parcels prepaid at ordinary (Summer) parcel post rates for offices in the Yukon other than the eight offices named above may be addressed to White Horse, and the addressees may make their own arrangements with the transportation companies operating in the Yukon for conveyance from White Horse to destination.

Care must be taken to ensure that during the season of closed navigation parcel post matter for the Yukon is accepted only at the rates and within the limits outlined above.

Postmasters will please give this every publicity.

**(4) Parcels Prepaid at Parcel Post Rates not Forwarded to Telegraph Creek, B.C., during the Season of Closed Navigation.**—Postmasters are informed that during the season of closed navigation, which extends approximately from the 1st October to the 1st April, the weight of mail carried on this route is limited.

In the circumstances, persons tendering parcels for mailing prepaid at parcel post rates for Telegraph Creek, should be advised that the parcels will be held at Vancouver during the season of closed navigation.

**(5) Similarity in Post Office Names.**—The attention of Postmasters and Railway Mail Clerks is directed to the similarity in the names of the following Post Offices:

The Government of the Union of South Africa has now advised that the regulations requiring the issue of an Import permit in connection with commercial shipments have now been withdrawn. Consequently Canadian exporters to South Africa would no longer be required to furnish these documents to cover consignments by parcel post.

It should also be noted that the Canadian postal restrictions on shipments to South Africa, imposed as a measure of co-operation with the South African Administration and by which not more than one 11 lb. parcel per week could be sent to that country by any one sender to the same addressee, have also been removed.

It will of course still be necessary to comply with the Canadian Export Regulations in connection with parcel post shipments to South Africa.

Wherever possible mailers are to be advised accordingly.

## INFORMATION FOR POSTMASTERS

(1) **HEALTH NOTE—The Common Cold.**—Now is the time to place yourself on guard against that "little snuffle". The chief causes of a cold are wet feet, fatigue, undernourishment, previous illness, chronic infection, sitting in a draft, sudden chilling when overheated, unsuitable clothing in cold or wet weather, or irritation of the nose and throat by air-borne substances.

Air is rarely free of dust, and often contains harmful germs, the exceedingly small disease-causing agents, called viruses, which are sprayed out when people cough or sneeze without covering their mouths and noses.

A person may breathe in a big dose of fresh germs or viruses when he is as far as 6 feet away from someone with a respiratory disease, if the infected individual sprays the air in sneezing, coughing, laughing or talking loudly.

Invading germs or viruses are able to start a respiratory infection only when conditions are ideal for them to do so. Generally speaking, a person in good health, well-nourished, well-rested, and comfortably clothed, stands a far better chance of resisting the germs of a respiratory disease than does a person in a run-down condition or one who is thoroughly chilled.

**ATTENTION TO THESE DETAILS WILL FACILITATE CLEARANCE THROUGH THE UNITED STATES CUSTOMS.**

(6) **Christmas Gift Parcels Mailed in Canada for Delivery in the United States. Customs Regulations.**—Postmasters are informed that according to information received from the United States Administration, their position in this matter is as follows:

"No dutiable merchandise may be admitted free of duty on the grounds that it is intended as a gift or present. However, in order to obviate the cost of collecting relatively small amounts of duty on parcels of inconsiderable value, customs officers are, by regulation, authorized to pass free of duty parcels containing articles, the aggregate value of which is not in excess of \$1.00, except tobacco, cigars, cigarettes and snuff, provided the merchandise is not imported for sale nor forwarded in a manner designed to avoid the payment of customs duty".

In this connection, Section 54 of the United States Official Postal Guide reads as follows:

"54.—Customs regulations applicable to articles from abroad.—

- (b) No provision is made for the prepayment abroad of customs duty on mail shipments addressed for delivery in the United States.
- (h) There is no provision of law or regulation whereby imported merchandise exceeding one dollar in value, whether sent as a gift or for other purposes, may be admitted free of duty if the merchandise falls within the dutiable schedules of the tariff act; furthermore, there is no authority for the free entry of samples generally, except samples solely for use in taking orders for merchandise or for examination with a view to reproduction, imported in bond for exportation within six months, or for a further period not to exceed six months (within one year from the date of importation), if extended, upon application, and provided the articles are not imported for sale or for sale on approval. (Sec. 303 of the tariff act of 1930)."

Enquirers should be informed in accordance with the above.

(7) **Letter Rates to European Countries.**—Information has been received that a considerable number of letters addressed to Belgium, the Netherlands, Denmark and Norway are being mailed prepaid only 4 cents instead of 5 cents.

It should be noted that the letter rates to all European countries, except France, Spain and Spanish possessions, and British possessions, is 5 cents for the first ounce and 3 cents for each additional ounce.

Mail for these countries will be forwarded via England and the postage rates in effect before the mail services were suspended will apply.

**(19) Mail Service to Italy.**—Attention is directed to previous notices in the Weekly Bulletin in regard to the mail service to Italy.

This mail service has now been extended to include all classes of business correspondence, which was previously confined to that ascertaining facts and exchanging information.

**(20) Parcel Post to British West Indies—Resumption of Direct Service (Western Group).**—The direct parcel post service from Canada for Bermuda, Bahamas and Jamaica has been resumed, and parcels for those destinations may now be despatched by direct steamship service, as well as via the United States.

Parcels for the above mentioned destinations intended for despatch by the direct route should be prepaid at the following rates:

1 lb.....	\$0.12	7 lb.....	\$0.84
2 lb.....	0.24	8 lb.....	0.96
3 lb.....	0.36	9 lb.....	1.08
4 lb.....	0.48	10 lb.....	1.20
5 lb.....	0.60	Over 10 lb. up to 15 lb.....	1.50

Parcel post for Bermuda, Bahamas and Jamaica intended for despatch via the United States should be prepaid at the rates applicable, legibly marked "Via U.S.A." and forwarded to Montreal to be included in the parcel mails made up by that office for onward despatch.

Parcels prepaid for despatch by the direct route and specially addressed correspondence should be despatched in accordance with the routing in effect before the direct service was suspended, that is, to the nearest exchange office, depending on the port of departure of the vessel concerned, particulars of which will be notified to the service in the usual way.

**(21) Mail Service to Denmark—Parcel Post.**—Effective immediately, parcel post service to Denmark is resumed subject to the following conditions:

The contents are to be limited to food, toilet articles, drugs and used clothing.

The total weight of a parcel must not exceed 11 lb.

Parcels cannot be insured.

The total value of the contents of a parcel must not exceed \$25.

The sending of parcels is limited to private citizens and must not be undertaken by relief organizations and others.

The naming of addressees other than the known ultimate addressee, for the purpose of evading the limitations of the service, is prohibited.

No one sender may send more than two parcels per week—each of which must be to different addres-

The parcels are restricted to gifts addressed to private individuals in Denmark and must not include commercial shipments.

For the time being, the contents are to be limited to food, toilet articles, drugs and used clothing of a serviceable type, the donation of which will not necessitate replacements.

The contents are to be listed in detail on the covering Customs Declarations.

The term "clothing" will not be sufficient to describe items of used clothing.

They must be described as **used**.

It is to be noted that non-observance of any of the conditions indicated may result in seizure of the parcel.

Until further notice the rate of postage applicable to such parcels will be as follows:

2 lb.....	0.95	8 lb.....	2.00

For the present, Montreal will be the only Canadian exchange office for the despatch of parcel post for Denmark and all parcels for Denmark should be diverted to Montreal British and Foreign to be included in the direct closed parcel mails to be made up at that office for Denmark.

These rates are of a temporary nature and are subject to revision.

**(22) Mail Service to Finland—Parcel Post.**—Effective immediately, parcel post service to Finland is resumed subject to the following conditions:

The contents are to be limited to food, toilet articles, drugs and used clothing.

The total weight of a parcel must not exceed 11 pounds.

Parcels cannot be insured.

The total value of the contents of a parcel must not exceed \$25.

The sending of parcels is limited to private citizens and must not be undertaken by relief organizations and others.

The naming of addressees other than the known ultimate addressee, for the purpose of evading the limitations of the service, is prohibited.

Until further notice the rate of postage applicable to such parcels will be as follows:—

1 lb.....	\$0.95	7 lb.....	\$2.10
2 lb.....	1.10	8 lb.....	2.65

4 lb.....	1.75	10 lb.....	2.90

For the present, Montreal will be the only Canadian exchange office for the despatch of parcel post to Finland and all parcels for Finland should be diverted to Montreal British and Foreign for onward despatch.

These rates are of a temporary nature and are subject to revision.

**(23) France, Belgium, the Netherlands—Parcel Post.**—Reports have been received that a large number of shortpaid parcels are being posted for despatch to France, Belgium and the Netherlands, resulting in inconvenience both to the sender and the postal service, and the possible delay in transmission of the parcels concerned.

The parcel post rates to these countries are as follows:

	France	Belgium	Netherlands (Direct Route)
1 lb.....	\$0.60	\$0.65	\$0.30
2 lb.....	0.70	0.75	0.40
3 lb.....	1.05	0.90	0.60

10 lb.....	2.10	2.10	1.50
11 lb.....	2.25	2.25	1.60

Postmasters are requested to bring the above to the attention of prospective mailers wherever possible.

(24) **Parcel Post to Great Britain—5 lb. Weight Limit.**—Numerous enquiries and protests have been received by the Post Office Department as regards the present weight limit of 5 pounds for gift and food parcels addressed to Great Britain, as compared with the 11 pound weight limit allowed for the recently resumed parcel post services to the Continent,—Belgium, France, the Netherlands, etc.

However, the explanation is simply that the 5 pound limit on such parcels to Great Britain was imposed in order to conform to Britain's own wartime import restrictions, which naturally are a matter beyond the control of the Canadian Post Office Department. Britain established this limitation for carefully considered reasons, and Canadian authorities co-operate with them accordingly.

As regards the parcels for Britain, the present British import regulations besides limiting the weight to 5 pounds, stipulate that not more than 2 pounds of any one food be included; gifts may not be sent more often than once a month; dutiable articles are subject to the usual customs charges in Britain; and gifts must be unsolicited and must be clearly marked as 'gifts'. Overweight articles are subject to confiscation in Britain.

So long as conditions over there remain as they are at present, this 5 pound restriction is likely to be maintained, but just as soon as Britain can see her way to lift it, the Canadian authorities will be glad to accept parcels for that country up to the normal weight limit of 20 pounds.

(25) **Parcel Post to Hawaii—Relaxation of Restrictions.**—The United States Post Office Department has announced that previous restrictions with respect to overseas shipments of mail are withdrawn in the case of consignments for civilian addressees in Hawaii.

The restrictions referred to above, which applied equally to mailings in Canada, are to be regarded as cancelled for Canadian mailings but senders are urged to limit their shipments to essential requirements as an increase in the volume of mails exceeding the facilities for their despatch may result in a restoration of the restrictions.

There is no change in the special limitations on packages for members of the United States Armed Forces overseas, which will remain in force until further notice.

Canadian export regulations must still be complied with in connection with shipments to Hawaii.

(26) **Parcel Post for Ireland (Eire).**—Reference is made to the notice in the 17th October, 1942 issue of the Weekly Bulletin on this subject.

Effective immediately, the normal conditions of mailing will apply to parcel post shipments to Eire.

(27) **Mail Service to Italy and Vatican City State—Parcel Post.**—Effective immediately, parcel post service to the Islands of Sardinia and Sicily as well as to the cities of Rome and Naples and the Vatican City State is resumed subject to the following conditions:

The contents are to be limited to food, toilet articles, drugs and used clothing.

The total weight of a parcel must not exceed 4 pounds.

Parcels cannot be insured.

The total value of the contents of a parcel must not exceed \$25.00.

The sending of parcels is limited to private citizens and must not be undertaken by relief organizations and others.

The naming of addressees other than known ultimate addressee, for the purpose of evading the limitations of the service, is prohibited.

No one sender may send more than two parcels per week—each of which must be to different addressees.

The parcels are restricted to gifts addressed to private individuals in the above mentioned places and must not include commercial shipments.

For the time being, the contents are to be limited to food, toilet articles, drugs and used clothing of a serviceable type, the donation of which will not necessitate replacements.

The contents are to be listed in detail on the covering Customs Declarations.

The term "clothing" will not be sufficient to describe items of used clothing.

They must be described as **used**.

It is to be noted that non-observance of any of the conditions indicated may result in seizure of the parcel.

Until further notice the rate of postage applicable to such parcels will be as follows:—

1 lb.....	\$0.65	3 lb.....	\$1.20
2 lb.....	\$0.75	4 lb.....	\$1.35

For the present, Montreal will be the only Canadian exchange office for the despatch of parcel post for the Islands of Sardinia, Sicily as well as to the cities of Rome and Naples and the Vatican City State, and all parcels for these places should be diverted to Montreal British and Foreign to be included in the appropriate closed parcel mails to be made up at that office.

These rates are of a temporary nature and are subject to revision.

(28) **Mail Service to Sweden—Parcel Post.**—Effective immediately, parcel post service to Sweden is resumed subject to the following conditions:

The contents are to be limited to food, toilet articles, drugs and used clothing.

The total weight of a parcel must not exceed 11 lb.

Parcels cannot be insured.

The total value of the contents of a parcel must not exceed \$25.

The sending of parcels is limited to private citizens and must not be undertaken by relief organizations and others.

The naming of addressees other than the known ultimate addressees, for the purpose of evading the limitations of the service, is prohibited.

No one sender may send more than two parcels per week—each of which must be to different addressees.

The parcels are restricted to gifts addressed to private individuals in Sweden and must not include commercial shipments.

For the time being, the contents are to be limited to food, toilet articles, drugs and used clothing of a serviceable type, the donation of which will not necessitate replacements.

The contents are to be listed in detail on the covering Customs Declarations.

2 lb. ....	0.85	8 lb. ....	2.25
3 lb. ....	1.00	9 lb. ....	2.40
4 lb. ....	1.45	10 lb. ....	2.50
5 lb. ....	1.55	11 lb. ....	2.60
6 lb. ....	1.70		

For the present, Montreal will be the only Canadian exchange office for the despatch of parcel post for Sweden and all parcels for Sweden should be diverted to Montreal British & Foreign to be included in the direct closed parcel mails to be made up at that office for Sweden.

These rates are of a temporary nature and are subject to revision.

## MONEY ORDER INFORMATION

---

### MONEY ORDERS IN PAYMENT OF C.O.D. PARCELS

In the audit of Money Orders issued in payment of C.O.D. transactions it is found that orders are erroneously drawn for amounts which include the Money Order commission, instead of for sums due senders only.

Orders are also improperly drawn for amounts corresponding to the C.O.D. numbers of the relative parcels, instead of for the sums due senders, or in other words, the C.O.D. numbers and the amounts to be transmitted are confused.

As such irregularly prepared Money Orders require verification and adjustments which should be unnecessary, greater care must be exercised to see that Money Orders in payment of C.O.D. transactions are made out for the exact amounts due senders as indicated on C.O.D. tags.

### SUMMARIES IN POSTMASTERS' MONEY ORDER RETURNS MUST BE PROPERLY COMPLETED

In the examination of Postmasters' Money Order Returns it is found in many instances that Postmasters omit to complete the summaries of issued and paid money orders and fail to total the number and value of postal notes and postal note scrip paid.

In order to expedite the audit of Postmaster's Money Order Returns it is absolutely essential that these summaries are carefully completed and that the correct total amounts are carried to the respective items, namely 5, 6, 13 and 22 of the relative cash account.

### MONEY ORDERS ISSUED IN TURKS AND CAICOS ISLANDS PAYABLE WITHOUT ADVICES

Money Orders issued in the Turks and Caicos Islands are payable without advices. The "coupon" attached to the order takes the place of the advice and is to be detached at the time of payment and filed with the coupons of paid orders at the paying office as a record of the transaction.

### RE: OFFICIAL DATE STAMP REQUIREMENTS

Attention is again invited to the necessity of obtaining a clear impression of the date stamp of the office of issue on all Money Orders and Postal Notes.

To ensure a clear and legible impression, the date-stamp should be kept clean and the pad well inked.

## LAPSED MONEY ORDERS AND POSTAL NOTES MUST NOT BE PAID WITHOUT SPECIAL AUTHORITY

The Audit of Money Orders and Postal Notes discloses that Money Orders and Postal Notes are being paid after they have become lapsed (viz:—one year from the last day of the month of issue) without the special authority of the Department being obtained as required by Rule 53, Book of Financial Procedure for Accounting Post Offices.

The date of issue of Money Orders and Postal Notes must be carefully examined before payment and under no circumstances may a lapsed Money Order or Postal Note be paid before receipt of authority therefor and payment of the revalidation fee.

## STOLEN POSTAL MONEY ORDER FORMS

Notice having been received of the theft of the following Postal Money Order forms, Postmasters are requested to guard against payment thereof, viz:—

## INFORMATION FOR POSTMASTERS

(1) **Changing of Date Stamp.**—The attention of Postmasters is directed to the necessity of changing their office date-stamp at the beginning of the new calendar year to read "1946".

(2) **Special Delivery Stickers (Form SD-8)** are now available for the use of the public to affix to letters and parcels intended for special delivery so as to prevent oversight during the process of sortation.

Special Delivery stickers should be given out by stamp vendors to persons purchasing postage stamps for special delivery purposes, by clerks at information wickets, and should also be distributed to business concerns using this service.

Supplies of form SD-8 will shortly be sent to all large Post Offices. District Directors and District Superintendents will kindly advise the Equipment and Supply Branch or proper Postal Stores Depot as to the quantities to be sent to the smaller offices in their Postal Districts.

(3) **Letters for Regional Offices of Department of National Health and Welfare.**—Representations have been made by the Department of National Health and Welfare, Ottawa, that letters addressed to their regional offices in the various provinces, are being forwarded to the Department of National Health and Welfare at Ottawa instead of to the respective provincial offices.

Regional Offices of the Department of National Health and Welfare are located at Halifax, Charlottetown, Fredericton, Quebec, Toronto, Winnipeg, Regina, Edmonton and Victoria.

All concerned are requested to exercise particular care in the sortation of mail addressed to the regional offices of the Department of National Health and Welfare.

(4) **Charlottetown-Magdalen Islands Winter Air Stage Service.**—Postmasters are reminded that with the closing of navigation (about December 20th) the ordinary SURFACE mail service to the Magdalen Islands will be discontinued.

In the circumstances parcel post mailed too late to connect with the last sailing to the Magdalen Islands will be liable to the following air parcel rates of postage.

15 cents per pound or fraction of a pound up to and including 10 lb.

\$1.80 per parcel over 10 lb. up to and including 15 lb.

2.40 " 15 lb. " 15 lb.

3.00 " 20 lb. " 25 lb.

Similarly, all copies of newspapers and periodicals will be subject to the air newspaper rate of 4 cents per pound when mailed by publishers to subscribers and 1c. per 4 ounces or fraction of 4 ounces to each separate address when mailed by the public.

The above instructions must be strictly observed.

(5) **Calendars—To be Carefully Handled.**—At this time of year business firms are preparing to mail quantities of calendars to clients and prospective customers throughout the country. The calendars are, in many cases, printed at considerable expense and are valuable not only to the recipient but to the business firm as an advertising medium.

(Notice No. 5 continued next page)

It is important, therefore, that the calendars should be delivered carefully and Postmasters are requested to exercise care in the handling of these items during the course of post.

In the event of delivery not being effected and the calendar bears a return address on the cover, the calendar should be returned to the sender.

**(6) Perishable Articles to be kept from Heat.**—Parcels containing perishable articles should be distinctly labelled "Perishable" and the bags in which they are placed similarly marked. Under no circumstances should these "Perishable" parcels or bags be placed in close proximity to the heating apparatus.

**(7) Cancelling of Postage Stamps on Parcels.**—Postmasters are reminded that postage stamps on parcels should be properly cancelled. It is noted that in some instances the stamps are not cancelled or in cases where the roller hand-cancelling stamp is used the stamps are missed or very lightly touched.

The above is noted particularly in connection with parcels the contents of which are of a pliant nature such as packages containing wool, silks and other matter of a light nature.

Stamps poorly cancelled may easily be removed and illegally used a second time, resulting in a serious loss of revenue. Postmasters are therefore requested to see that the postage stamps on parcels are properly cancelled before the parcels are despatched.

**(8) Removal of Restrictions on despatch of Newspapers and Periodicals.**—Newspapers, magazines and periodicals may now be accepted for civilian addresses in the United Kingdom and other trans-Atlantic destinations.

In August, 1942, the mailing of complete newspapers or periodicals to civilians and troops in the United Kingdom and other trans-Atlantic destinations, as well as to destinations in Central and South America, Bermuda, and the West Indies was restricted due to lack of shipping space. Only clippings of special interest were permitted.

In January, 1944, this service was restored for mailings to Central America, South America, the Caribbean area and Bermuda, also to Africa, via the United States, following the removal of the restrictions by the United States Post Office Department, through whose service such mail was being forwarded.

Last May the mailing of newspapers, magazines and periodicals to members of the Armed Forces Overseas was authorized.

The effect of the further relaxation mentioned in the first paragraph of this notice, therefore, is the complete removal of the restrictions on the despatch of newspapers and periodicals to overseas destinations.

Postmasters will please see that this is specially brought to the attention of those concerned in their office.

**(10) Endorsation via Miami—West Africa to be discontinued on Air Mail.**—Advice has been received from the United States Post Office Department that the endorsement "Via Miami and West Africa" is no longer applicable in connection with air mail despatched by the United States South Atlantic Air Mail Service.

It is explained that much of the correspondence formerly routed via Miami is now despatched by plane from New York.

Postmasters are requested to advise senders wherever possible that no special endorsation is now required on air mail intended for despatch via the United States to trans-Atlantic destination.

**(11) Personal Postal Message Service Discontinued.**—Reference is made to the notice in the September Supplement, announcing the discontinuance of the Personal Postal Message service to Germany and Austria.

Postmasters are requested to note that in view of information received from the British Post Office, that the service is no longer functioning from the United Kingdom, no further personal postal messages should be accepted for transmission to other countries.

If food is included, the total weight of food must not exceed 7 pounds, and the parcel may not contain more than 2 pounds of any one foodstuff.

The parcels, which must be clearly marked as "Gifts", must be unsolicited bona fide gifts, and must not be sent more frequently than once a month.

**(14) Exchange of Letters with Displaced Persons in the British Zone of Germany.**—Advice has been received from the British Post Office that arrangements have been made for the introduction of a scheme for the exchange of letters between Displaced Persons in the British Zone of Germany and their relatives in other countries.

The service is intended solely for Displaced Persons and their relatives to whom they may wish to write. It is emphasized that normal external postal services between Germany and other countries cannot yet be opened generally.

Details of the proposed arrangements are as follows:

- (a) Each Displaced Person will be able to write two letters—each limited to one page—in each month.  
(b) These letters will not bear postage stamps but will be marked in red as follows:

**DISPLACED  
PERSONS  
MAIL**

**P A I D**

either in a rectangular or circular pattern.

- (c) On receipt of a letter from a Displaced Person, the relative may reply, being careful to use the full address and to follow the other instructions given by the Displaced Person in his letter. Relatives should not write unless they have first received a letter themselves. It is desired that the relatives should not send more than two letters a month, each limited to one page. The postage on letters sent to Displaced Persons should be prepaid at the normal international letter rate (5c. for the first ounce, and 3c. for each subsequent ounce or fraction thereof) and be despatched on Montreal British and Foreign for onward transmission.
